HOUSE SUICIDE FIRE

Historic Reform Is Won
Over Veto of Lords

Blood Now May Flow in
Struggle Peers
Lost

LONDON, May 25.—By a vote of 351 to 274 a majority of 77—the House of Commons today passed the Home Rule bill.

The end of the hard-fought struggle came quite suddenly, the Unionists refusing to debate the bill without further information as to the government's intention in regard to the proposed amending measure.

Premier Asquith lifted a corner of the veil, but though Andrew Bonar Law, leader of the opposition, admitted that the premier's words were conciliatory, he hastened to add that Mr. Asquith had not told them anything. To discuss the third reading, under the circumstances, would, he said, be futile and ridiculous. He added:

"Let the curtain ring down on this contemptible farce. It is only the end of an act and not of the play. The government can carry the bill through parliament, but the concluding act of the drama will be in the country, where an appeal to the people will not end in a farce."

With the home rule bill a law the eyes of England are now turned upon Ulster.

The threat of civil war in Ireland before a parliament can be set up in Dublin, is engrossing the attention of

Veteran Policeman
Honored With Gift

Patrolman "Nick" Williams, the oldest policeman in the Oakland department, was presented with a pair of diamond gold-mounted cuff buttons by members of the department this morning. The presentation was made by Chief of Police Walter J. Petersen in the presence of others of the department. Besides being the oldest patrolman in the service, Williams has also been in the department longer than any other man. He entered the department twenty-eight years ago.

Society Woman Hurt
In Fall on Street

Mrs. Peter Matthews, a wealthy society woman who lives at the Hotel Oakland, is in Providence Hospital suffering from a shattered hip bone resulting from a fall she sustained last Friday evening on the wet pavement at Twelfth and Broadway. She is under the care of Dr. O. D. Haplin and her condition is reported as favorable today. Mrs. Matthews had left the hotel for a shopping visit about town when she met with the accident.

KLEINSCHMIDT LOSES IN
SUIT AGAINST VOLLMER

Superior Judge J. D. Murphy today rendered a decision in the suit brought by Police August Vollmer of Berkeley demanding judgment for \$50,000 damages for alleged defamation of character and false imprisonment. The suit was decided in favor of the defendant together with costs assessed to the plaintiff.

Kleinschmidt, a former student in the University of California, was arrested in November, 1907, on suspicion with having caused the death of Frank Belton, a fellow student, a rival for the affections of Miss Blanche Kerfoot. Belton was found dead in the rear of the

MEDIATORS DISCUSS LAND ISSUE

The eyes of the world are today upon the mediators in the Mexican embroglio, who are holding conferences at Niagara Falls in an effort to determine the future of the war-torn republic. Rev. Father D. J. O'Neill of the Church of Our Lady of Niagara, Niagara Falls, Canada, whose portrait is shown at the top (left), opened the mediation conference with prayer. Opposite is Senator Algar, charge d'affaires of the Mexican legation at Washington, who received his passports from the state department and who is attending the conference. In the center is shown the mediation conference room in the Clifton House, Niagara Falls, and below Senator Da Gama, Brazilian minister, and his wife, at Niagara Falls. Da Gama is one of the mediators.

SCORES IN
PERIL OF
YAQUIS

U. S. Gunboat Speeds
From Mazatlan to
Aid Foreigners

ON BOARD T. S. S. CALIFORNIA, MAZATLAN, May 24, via wireless to San Diego, May 25.—The gunboat Annapolis has been ordered from Santa Rosalia to the Yaqui river, in response to an appeal from the French colony at Santa Rosalia for a warship to protect French and American residents of the valley from a reported uprising of Yaqui Indians.

There are sixty-two Americans in the Yaqui valley, and it is said that the Indians have gone on the warpath generally, without any effort on the part of the Mexican regulars to control them.

DISCUSS LAND.

NIAGARA FALLS, Ont., May 25.—After a conference today between the mediators and the Mexican delegates, it was announced that the progress of the mediation had reached a most satisfactory stage. The difficulties over the manner of introducing the land question into the discussion are being overcome and this point will be included in the scope of the mediation.

This was stated by the authority of one of the South American envoys. The diplomats pointed especially today to the good feeling that has prevailed between the American and Mexican delegates and is constantly growing stronger. Although there have been some differences of opinion, each side has recognized the earnestness of purpose of the other.

It was revealed also today that the discussion over the land question had not so much concerned the merits of one side as the settlement of Mexico's most economic questions as the relative importance that should be attached to the question in drawing up a program for the new provisional government.

The South American mediators planned to lay before the Mexican delegates today the views expressed by the American government through its delegates last night in several important economic questions.

WURKY WAR
FEATURES
ACTION

Supervisors Mullins and
Foss in Heated
Debate

"Measure Not Rushed
Through," Declares
Board Chairman

The new county ordinance, which will take effect in thirty days, is the most stringent and drastic in the northern part of California. It places the age limit at twenty-one years for all purchasers of intoxicants and demands the display of signs to this effect on every door of a saloon or bar where liquor is sold. It provides that all liquor places shall be closed at midnight, that there shall be no private rooms and no slot machines.

No saloon can be located closer than 700 feet to any church, school or public library. The annual license is raised from \$200 to \$300 and the number of saloons in the county outside incorporated cities is limited to forty. There are at present eighty-five licenses in force and sixty-one saloons in actual operation. If these licenses expire or are revoked for cause, they will automatically drop out until the limit of forty has been reached.

Precinct local option is a feature of the ordinance. When an application for a license is filed, a petition of two-thirds of the qualified electors of the precinct against the granting of the license will quash it. When a license has once been revoked, no other license will be issued to that person or for the saloon in question.

Verbal pyrotechnics flashed in the atmosphere of the chamber of the Board of Supervisors this morning when the amended liquor ordinance, the most stringent measure of its kind in northern California, came up for passage. Supervisor Fred W. Foss touched the match to the fireworks by requesting a postponement for one week in order that he might have more time in which to study the provisions of the ordinance and incorporate two sections prohibiting music and dancing and shaking dice for money or drinks in any place where liquor is sold.

"This ordinance does not eliminate dancing and music," declared Foss, "and these do not mix well with the dispensing of liquor. This is being rushed through and I would like one week for further consideration. I have not had time to read and digest the sections, and besides I wish to incorporate sections prohibiting dancing and shaking dice."

MULLINS REPLIES.

"That is cowardly of you to say that this measure is being rushed through," said Chairman John F. Mullins. "You made the same kind of a remark when we were passing the call for the metropolitan water district election. Why are you not man enough to state your objections and reasons at the proper time, instead of making accusations like this at the last meeting?"

"I have never taken a stand which could be called cowardly," replied Foss.

"Well, that was a cowardly remark just the same," retorted Mullins.

"When this ordinance was under discussion last Friday afternoon," said Foss, "I had other appointments and could not be present at the entire conference. I had requested that certain amendments be made and I do not find them in the ordinance, I ask for more time."

CHARGES NEGLECT.

"When you saw fit to neglect the county ordinance and make a speech at the Hotel Oakland, we were discussing this ordinance," replied Mullins. "You were fully informed about the provisions of the ordinance, and you know as much about it as the other members of the board. You specify

DEMAND U. RAILROADS BOOKS

Railroad Commissioners to Make Inquiry Into Funds

President Lilienthal Is Ready to Produce Accounts

SAN FRANCISCO, May 23.—The railroad commission is not entirely through with its investigation into the financial methods of the United Railroads of San Francisco, according to statements made today. The commission feels it a duty to ascertain what became of the \$1,996,000 taken from the treasury of the company by President Lilienthal.

The assertion that Calhoun had "looted" the street car company of more than a million dollars, made in an opinion filed Saturday by Commissioner Edward O. Edgerton, was based on an examination of the books for 1913. The commission sought to get a look at the 1912 books, but were told they had been sent East for audit.

"I will be in sympathy with any further investigation by the railroad commission into the disposition of the \$1,996,000 taken from the United Railroads treasury by Mr. Calhoun," said Jesse W. Lilienthal, Calhoun's successor, today. "All the books in the possession of the company will be opened to the commission on demand."

BOOKS SENT EAST. "The books demanded by the commission for the year 1912 were sent East. While in the East last summer I tried to find these books, but I could not locate them. I now think they have been destroyed. I wanted to turn them over to the railroad commission."

"When I became convinced that the books had been destroyed I tried to trace the men who had actually destroyed them," said Lilienthal. "I could get no information whatever. I have no way of knowing what disposition Mr. Calhoun made of the \$1,996,000. I was told that he invested it in the San Francisco Ferry project, but I don't know of my own knowledge. I have no way of finding out."

"I should like to see those books myself. But I am confident they have been destroyed."

Commissioner Edgerton will leave tonight for Los Angeles to conduct a hearing in a warehouse case. When he returns, the latter part of the week, he intends to go deeper into the United Railroads' case.

The positive announcement made by the railroad commission this morning that a thorough investigation into the disappearance of the \$1,996,000 used by Calhoun, coincident with a statement from President Jesse W. Lilienthal that he would aid the commission in such an inquiry, formed the two important developments of the morning.

Calhoun, whose investment in the Sojano Irrigated Farms Company, according to the present constitutional disclosure, has not given a complete explanation of the affair to the public and has thus far failed to communicate with Lilienthal.

NO WORD, SAYS LILIENTHAL. "I have not heard at all from Mr. Calhoun since this matter came up," said Lilienthal this morning. "He is not in the habit of communicating with me and I have practically had no dealings with him except to get from him the notes for the \$1,996,000 taken from the treasury of the United Railroads. I wish to say, however, that there has never been any disposition on my part to withhold our books or rather the books of the United Railroads, from the railroad commission. They are at liberty at any time to see any books used by the company that are under my control. I wish to refute the statement if there has been any such that we are withholding any information at all from the commission. I understand that when the United Railroads made an application to issue notes in 1912 some books were demanded which it is claimed were sent East. When I went to New York last summer I tried to find those books so that my first act as president might be to turn them over for examination by the railroad commission. I could not locate them and personally I am convinced that they have been destroyed. I am now and have been at all times ready to co-operate with the railroad commission in order to get at the bottom of this affair."

BUSINESS OF OFFICES.

At the offices of the commission there was much bustle and activity this morning and several of the clerks and employees of the auditing department have been given instructions to proceed with the investigation. It was stated by one in authority that a request would probably be made to the Sojano Irrigated Farms Company for permission to examine their books. It is the belief of the commission that some, but not all of the \$1,996,000 taken from the United Treasury by Calhoun was invested in the land project. Where the remainder went is not so much a matter of speculation, but there is some hesitation by those who have theories about putting them in words.

Commissioner O. Edgerton, who wrote the opinion and criticism of the United Railroads on Patrick Calhoun which was reprinted in by all of the remaining members of the commission, leaves tonight for Los Angeles. The commissioner would not depart from the city at this time when the United Railroads investigation has reached its head, were it not for the fact that the calendar of the commission calls upon him to preside tomorrow at a hearing in which the Los Angeles Warehouse Company is interested.

FOUR COAL PATENTS ARE ADJUDGED AS VOID

CHICAGO, May 23.—The supreme court today rendered its judgment in the case of the four coal patents, adjudging them void.

KOSSUTH DIES NOTED PATRIOT

FRANCIS KOSSUTH.

BUDA PEST, May 23.—Francis Kossuth, son of the great Hungarian patriot, died here today aged 72. He had been an invalid for many months and his death did not come as a surprise.

In January last, during a crisis in his illness, Kossuth was married on his sick bed to Countess Benyovska, widow of his life-long friend. Such had been the wish of Count Benyovska, made on his death-bed, and Kossuth and the countess, who intended to marry in March, hastened the nuptials when Kossuth's illness took a turn for the worse.

Francis Kossuth took his father's place as leader of the Hungarians soon after Louis Kossuth died in 1904. Up to the time of his illness Francis led his countrymen in their political struggles with vigor and much success. He was at one time in the cabinet as minister of commerce of Hungary.

TAKEN PRISONER. Kossuth was born on November 16, 1841, and was the oldest son of Louis Kossuth. At the age of eight he was taken prisoner by the Austrians and was kept for a time at the fortress of Pressburg. Then he was sent to Kutlaha, Asia Minor, where he joined his father and from there they went to England.

The boy was educated at London University College and in 1861 went to Italy as a civil engineer, attaining prominence in his profession. When his father died Francis took the body back to Hungary, in accordance with the demands of his country. The funeral was accompanied by unprecedented popular honors.

It was then that he was invited to take his father's place as the Hungarian national leader and he accepted, declaring he would work for Hungarian independence.

Colonel Theodore Roosevelt in April, 1910, during Kossuth's illness, visited him at his home.

G. A. R. ANGRY AT WILSON'S ACTION

Refuses to Speak at Memorial; Veterans Enter Vigorous Protest

WASHINGTON, May 23.—A storm of resentment in the G. A. R. against President Wilson because he has excused himself from attending the Decoration day exercises at the Arlington National Cemetery, but has agreed to speak at the Confederate memorial exercises five days later has assumed very serious proportions.

The veteran soldiers of the Union see in the President's discrimination a deliberate slight against their organization and their honorable war records. It is not the first time he has done it. A year ago he was invited to participate in the exercises and pronounced to attend if it was convenient for him to do so. He went automobile riding instead.

President Wilson is the first President to refuse to participate in the exercises since the custom of holding a memorial over the graves of the Union soldiers had its beginning soon after the war.

It was originally the intention of the G. A. R. men to attend the Confederate gathering in force, but since the President has for the second time declined their invitation to attend the Decoration day exercises they have announced that they will not take part in the exercises at the unveiling of the Confederate monument.

Would End Strike by Forcing Settlement

WASHINGTON, May 23.—Senator Kenyon, in a conference today with President Wilson, urged that immediate steps be taken to end the Colorado coal strike by forcing a settlement of the disputed questions.

The senator also brought forward the name of George E. Roberts, director of the mint, for appointment to the federal reserve board.

Fourteen Lost in Lightship, Reported

GLASGOW, Scotland, May 23.—The lightship Halifax No. 19, which was lost with her crew in the breakers off Lismore Island, carried a complement of fourteen when she left here, according to official announcement today.

First Victim of Heat In Chicago Overcome

CHICAGO, May 23.—The first heat victim of the month was prostrated today when the temperature reached 90 degrees. In addition to the mounting mercury, thousands of straw hats testified to the approach of a warm wave.

INDIAN REVOLT ADDS TO HAZARD

Navy Protects Lives in Mexico While Mediators Confer.

(Continued From Page 1)

portant points in the peace negotiations here.

The conference was expected to consume most of the forenoon. The mediators, it is understood, are chiefly concerned now over the part the land question should play in the settlement of the Mexican problem. The view of the Mexican delegates has been that the agrarian question is a purely internal one and foreign to the issues which provoked difficulties between the United States and Mexico. The American delegates, it is understood, have insisted that permanent

economic questions are taken into consideration.

The exchange of ideas on this phase of the negotiations, as well as other points was expected to continue throughout the day. Immediately after learning from the Mexican delegates their attitude toward the latest views presented by the Americans another conference with the latter is expected. In this way the proceedings go forward.

as channels of communication and evenation.

The presence here of Jose Requena, and other intimate friends of General Felix Diaz attracted some attention.

Although they were not believed to be seeking audience with the mediators, their conferences with the Huerta delegates spread the belief that they were seeking information as to the persons who would be suggested for the new provisional government that is to succeed the Huerta regime.

EYES ON MEDIATORS.

WASHINGTON, May 23.—After more than 24 hours of calm in the Mexican situation, disturbed only by a report that Mexican outposts had fired at American aviators at Vera Cruz, President Wilson and his advisers looked to Niagara Falls today for the unfolding of new chapters in preliminaries of mediation. Much was expected to be learned from the Constitutionalists' attitude over representation at the Niagara conference. It was known administration officials would be gratified if Carranza sent an agent, but they do not consider that indispensable at this time.

Exchanges between President Wilson and Secretary Bryan and the American mission at Niagara Falls were expected to continue today. Justice Lamar and former Solicitor-General Lahmann had received suggestions from the mediators. These were submitted to Washington and the American delegates received proposals which the administration declined to intimate what the exchanges referred to. From other sources, however, came declarations that the progress of the negotiations was favorable.

Belief was expressed in some quarters that the preliminaries would not be prolonged and that soon something definite would be known of the exchanges between Huerta and the American envoys.

VILLA WITHDRAWS TROOPS. Withdrawals of Villa's troops to Torreón from Saltillo, which recently was evacuated by the Federal troops, renewed interest today in the Constitutionalists' military campaign. The retreat, it was said, was based entirely on military expediency. Torreón presenting more advantages as a base for movements southward than Coahuila's capital.

While an occasional hydroaeroplane flight relieved the monotony of the watch of General Funston's troops at Vera Cruz, the dragoons and battalions in the harbor varied their routine by maneuvers outside the bar. Rear-Admiral Badger reported that the second division would go out for exercise today and the ships of the first division would have their turn tomorrow. The admiral stated that the Birmingham had arrived at Vera Cruz from Tampico and that the aeroplane section, with Lieutenants Towers and Smith and Ensign Chevalier, had been transferred to the Mississippi, which would sail for Boston tomorrow.

Several refugees who have been sailing at Vera Cruz will be taken home by the Patuxent, which will sail to Key West by way of New Orleans.

Rear-Admiral Howard reported from the Pacific coast today that Charles Lang, over whom there had been some inquiry, had arrived at Mazatlan.

Salute for Empress Was Thought Attack

ON BOARD U. S. S. CALIFORNIA, Mazatlan, May 24, via wireless to San Diego May 25.—A twenty-one minute gun salute, fired by American and Japanese warships in the harbor and by the federal fortifications, was misinterpreted by the besieging constitutionalists today as an attack on the city, instead of a tribute to the late Dowager Empress of Japan.

General Obregon's batteries promptly opened up a spirited fire on the city and a number of shells and a large quantity of machine gun bullets fell in the streets. The Huerta steamer Herrera successfully ran the constitutionalist shore batteries today and landed two pieces of artillery and a quantity of provisions for the beleaguered federal army.

However, provisions in the city are running very low, and hunger has driven many of the poorer people to theft. Crimes of this sort are increasing alarmingly.

With the crisis so close at hand Ulster has made arrangements to assemble the provisional government and mobilize the well-armed volunteers for resistance.

Arms and ammunition have been distributed and plans completed for the calling out of this army at a moment's notice. According to the orders to the commanders of these volunteers, these steps have been taken to assist in keeping peace in the event of disturbances arising out of the nation. With the crisis so close at hand Ulster has made arrangements to assemble the provisional government and mobilize the well-armed volunteers for resistance.

THIS WEEK

BLANCHE BATES

with her Superb Company of Players in the Playlet

"HALF-AN-HOUR"

By JAMES M. BARRIE

Heading a New Bill of

EXTRAORDINARY VAUDEVILLE

NOTE!

BLANCHE BATES is easily the foremost American actress.

BLANCHE BATES is a California girl, whose genius was first recognized in New York City by Augustin Daly.

BLANCHE BATES is now a Charles Frohman star.

BLANCHE BATES for several years was the principal woman star in David Belasco's productions.

BLANCHE BATES was enormously successful as a star in "The Darling of the Gods," "Under Two Flags," "The Fighting Hope," "Nobody's Widow" and other famous plays.

BLANCHE BATES was chosen by Sir James M. Barrie to present in America his marvelous play, in three scenes, "Half-An-Hour."

BLANCHE BATES appears in "Half-An-Hour" at the Oakland Orpheum each afternoon and night this week.

BLANCHE BATES goes on at 3:50 o'clock in the afternoon and 9:50 o'clock at night.

BLANCHE BATES received a tremendous ovation from two enormous audiences at the Oakland Orpheum yesterday.

BLANCHE BATES' play, "Half-An-Hour," will thrill every woman who has a glimpse of it this week. Seats may be reserved now for the entire week. Telephone Oakland 711.

No Woman In Oakland Should Miss Seeing

and the founder of this unique industry selected Niagara Falls as the spot on which to build the

Lower Taxes in Country Club Heights

There's another mighty big reason why you should own property here.

We'll be glad to tell you just why the tax rate in Country Club Heights is 25c lower than Oakland proper.

But it is in Oakland proper—closer in than you suspect—right on Broadway—straight as an arrow to our office in the Syndicate Building—10 minutes on the College Ave. line.

—And the price so small—without easy terms.

No wonder it's nearly all sold. See it today.

SANTA CLARA AND OAKLAND LINKED

Change in Southern Pacific Service Brings Valley Shoppers Here.

Changes in the railway service, gained through the efforts of the Transportation Committee of the Commercial Club, of which B. A. Forrester is chairman, have resulted in a new train service into the Santa Clara Valley which not only will bring early morning shoppers into Oakland, but will connect this city, by sleeper with "The Lark" and will furnish a link in a direct connection between this southern train and the express for the north.

The new train will be placed in operation on May 27, according to the announcement of L. Richardson, local general agent. The train is No. 505, which will leave San Jose at 5:30 a. m. It will be a through train, carrying a coach, a Pullman and a Tourist.

The new service is the result of several months of work by the transportation committee, and a number of conferences with railroad officials were held by the committee.

1509 WASHINGTON STREET

THREE CHARMERS NAMED IN SUIT

Husband Took Affinity to Church, Alleges Better Half.

SAN FRANCISCO, May 25.—Louis B. White, secretary of a local corporation, was in the habit, it is charged, of taking at least one of the three affinites mentioned today, to church on Sunday. Indeed, although Mrs. White speaks frequently of hugging and kissing, of trips to the beach, of riding in a buggy and similar diversions, she does not accuse her spouse of improper conduct.

In April, 1909, the trouble began, she alleges, when White met Gladys Bell, who was then only 13 or 14 years old. For ten years, she sets forth, he paid attention to the girl, jostling and caressing her on numerous occasions, taking her to the racetrack, and when she was still young, buying a blouse for her. He

company with the girl and her family at Monterey and also at their home in this city. His next charmer, she says, was Miss Harsh, a stenographer, to whom he paid attention of upward of a year. Next he began going out with Miss Marjory Setfem, according to his wife, and was frequently in the habit of taking her to church. In November, 1912, while the congregation was dispersing, accompanied by Miss Setfem, White came face to face with his better half. She says that she was in the habit of taking her to church, and that she was in the habit of taking her to church, and that she was in the habit of taking her to church.

Oakland College Has Clean Record, Report

BERKELEY, May 25.—Information has been received here of the report of the council on medical education of the American Medical Association, showing that the University of California, Stanford and the Oakland College of Medicine and Surgery are the only medical institutions in the state with clean records before the State board of medical examiners. No graduate of these three institutions failed to pass State board examinations wherever taken throughout the country last year. Four colleges in the State were not so successful. Hahnemann Medical College had 7.7 per cent failures, the College of Physicians and Surgeons, Los Angeles, had 8.3 per cent failures, the College of Physicians and Surgeons in San Francisco, 51 per cent, and the California Eclectic, 51 per cent. These percentages are figured by the council on the basis of examination taken by 1913 graduates.

Trip to Oakland May Cost Big Fine

SAN FRANCISCO, May 25.—John Edwards, a patrolman assigned to duty at the assessor's office, may have to pay \$25 for taking a trip to Oakland yesterday. Not that journeying across the bay is considered a misdemeanor offense, but merely that Edwards left the city and county without permission. He might have gotten by with that and re-entered San Francisco unnoticed, had luck been ever for him; but there was a Jonah on his trail and he missed the boat. Gleason, of the Central station, this morning preferred charges against him to the police commissioners of neglect of duty and leaving the city without permission.

Elevator Started; Boy Is Badly Hurt

Edward Crawford, a 12-year-old boy, employed in the Albany block, at 1112 Broadway, sustained serious injuries today at noon, when he was caught in the door of the elevator, as it was shot upward by Fred Kline, another elevator boy, who he was going to relieve from duty. Crawford was taken to the Emergency Hospital, where Dr. E. E. Dowdle attended him for broken ribs, broken right arm and numerous bruises. The boy has possible internal injuries. He was later removed to a private hospital. Crawford was employed by the firm of Stocker & Holland, and lived at 2735 Callister avenue.

PAINTER WANTS PROBATION. Carl Hendrickson, a painter, appeared in the police court this morning charged with vagrancy and resisting an officer. Hendrickson fled from arrest when Patrolman Garwood attempted to take him into custody. The man will probably be given probation by Judge George Samuels.

No definite arrangements have been made for the hearing to be resumed tomorrow, but Chief Constable Polk says he will have witnesses prepared to testify.

THIEF, CAPTURED, CHEATS POLICE AND ENRICHES NEWSIES

CHICAGO, May 25.—A shower of diamond rings descended on a group of newsboys in the downtown business district yesterday. A jewelry store, waiting for the patrol wagon, suddenly jerked two handfuls of the rings from his pocket and threw them over his head. With wild shouts of "Finders, keepers," the newsboys threw themselves on the diamonds and, hiding them in sleeves and pockets, fled in all directions. Fifty rings, valued at \$4000, were missing when inventory was taken of the robbed jewelry establishment.

Street car conductors and taxi-cab drivers joined in the scramble. All the police picked up was four rings.

MINNEMOON BOOT KICK FOOTBALL BOOTS KICK

Suffragist Cries of 'Shoot Him' Greet Mention of Royal Name.

LONDON, May 25.—Shouts of "Shoot the traitor" greeted the mention of the name of King George's name was greeted with angry derision and prolonged hissing.

Suffragists gave police and church officials a busy Sunday, while they themselves in some cases received rough treatment from the crowds which showed their resentment at the recent interference with the king and the damage done to pictures in the National Gallery.

Sylvia Pankhurst, who was again arrested under the "cat and mouse" act, and her East End followers, provided the biggest excitement of the day. A great procession formed at Canning Town and marched to Victoria Park. On the way the women picked up Sylvia Pankhurst, who was chained and handcuffed to fifteen women, and surrounded by other supporters armed with staves.

POLICE TRICK WOMEN.

The police allowed the procession to proceed, but when the park was reached they got the militant leader and those chained to her into the park and then shut the gates against the rest of the women.

Outside the gate a furious struggle went on between male suffragists and anti-suffragists, while the police had great difficulty in breaking up the crowd.

Suffragettes raided numerous streets in the West End of London early yesterday morning, smashing windows. Several of the women were arrested.

The police rushed a suffragette meeting in the City and took down the banner from which speeches were being delivered. The police went to the aid of the suffragettes.

Cheer Up! Cherries Ripe an' Rain's Over

SAN FRANCISCO, May 25.—Farmers, automobilists and baseball fans will be interested in the news that a week of sunshine is due for San Francisco, Oakland and vicinity.

At the local weather bureau the forecast gives promise of a change of conditions, and the heavy bank of clouds which have hovered about for a week has been chased eastward.

Andrew, Old Sol peeped forth this morning, sending shafts of sunshine down to earth, and although Forecasters predicted a complete restoration to fine weather until tomorrow, a good beginning has been made.

Morse May Not Be Placed Upon Stand

WASHINGTON, May 25.—According to present plans of the Interstate Commerce Commission, it is said to be unlikely that Charles W. Morse will testify in the investigation into the New Haven railway's financial affairs. The commission is said to feel that Morse could throw no important light on the subject.

An agent of the commission investigating the physical condition of William Rockefeller, whose testimony is desired, reported today he had made an appointment to testify tomorrow and would report as soon as practicable.

No definite arrangements have been made for the hearing to be resumed tomorrow, but Chief Constable Polk says he will have witnesses prepared to testify.

Philippine Judges Here From Manila

SAN FRANCISCO, May 25.—Two judges of the Philippine court of first instances, George R. Harvey and A. W. Illenus, arrived here today on the liner Persia from Manila, on visits to their former homes in Los Angeles. E. W. L. Kirton, who has been a judge at Lucknow and other places in India for the last twenty years, was also a passenger on the Persia.

Hugo Poynter, son of Sir John Poynter, president of the British Academy and a cousin of Rudyard Kipling, arrived on the same steamer, concluding twelve years in the public service.

Strike May Tie Up Largest of Liners

NEW YORK, May 25.—Stewards and firemen on the steamship Vaterland, the largest steamship in service, are threatening to strike unless their wages are increased. If a settlement is not reached before tomorrow, when the big vessel is due to sail for Hamburg, she may be delayed. There are 420 stewards and 600 firemen.

IMMIGRATION MATTER

DUBLIN, May 25.—In a strong warning published yesterday Michael J. Jordan, secretary of the United Irish Immigration America, urged immigration to the United States. The article declares that benefits anticipated by emigrants are illusory and that it is worse than folly for young Irishmen to attempt to compete with young Americans trained upon their own soil.

STRENGENT LIQUOR ORDINANCE PASSES

War of Words Accompanies the Action of County Supervisors.

(Continued From Page 1)

certain amendments; make them now. We know that the amendments are; in fact, they were drawn up for you and I have them here on the desk."

"You framed those amendments today," said Foss.

"Now he is to go to court," replied Mullins. "These were framed last Friday afternoon and you know it."

WOULD DELAY.

"I see no special harm in putting this matter over for one week," declared Foss. "I am not going to stand being ridden over by a man who has no sense."

I see no reason why you should write when I ask for more time. Supervisor Bridge seconded Foss' motion for postponement. "I do not think I myself have had no time to read this ordinance and I ask the delay as a courtesy to myself. I will not say what I think of Mr. Foss' amendments; I may vote against them. But I would like to see them."

Supervisor Kelly supported Chairman Mullins and announced that he would vote against delay.

"Mr. Foss has no foundation for his remark that this is being rushed through," he said. "We have had this ordinance under consideration for some time, and he has had ample opportunity to suggest his amendments. He can have the amendments voted on now, if he is so anxious."

Here Chairman Mullins called for a vote on the motion to postpone. Kelly and Bridge voted "no" and Mullins, Kelly and Murphy "yes."

The ordinance was then passed by the votes of Kelly, Murphy and Mullins. Foss voted against the measure and Bridge abstained. He was excused from voting in view of the fact that he was insufficiently informed in regard to the details of the measure.

PROTESTANTS NOT ON HAND. Threatened organized opposition to the maintenance of the Canyon Inn in Dublin Canyon failed to materialize at the session of the Board. Since the death of young Sumner Gould, who was killed in an automobile accident after purchasing drinks in the inn, residents of the canyon have been petitioned to rescind the license of C. Peterson on the ground that he was a drunkard.

None of the protesters appeared this morning at the hour set for hearing and accordingly no action was taken.

PROTESTS CLOSING. A letter of protest against the closing of the Canyon Inn was received from O. Hackett, president and treasurer of the Truckee Lumber Company of San Francisco.

WITHDRAWALS APPLICATION. William Barmann withdrew his application for a saloon license for a residence in Dublin Canyon. The proposed saloon was to have been located two thousand feet from the Palomares school house.

Applicants of Joseph J. Duffa of Mission San Jose and H. A. Paine of Niles were granted. June 17th was set for the hearing of the application of J. C. Larkin for a saloon at the intersection of the Canyon and the Truckee road.

By action of the Board, the open season was shortened by ordinance to one month and the limit reduced to one deer per hunter. The State law allows hunting during July and August and permits the killing of two deer. Under the ordinance adopted this morning, Alameda County hunters will be allowed to kill only one deer during the last few seasons.

OBJECTS TO MAP FILING. Attorney Herman Murphy notified the Board in a communication that he has an interest in the map of Rancho in Murray Canyon and that he would protest against the filing of any subdivision map. Such a map is soon to be presented, he said, covering plot H of the Rancho Las Pozas.

PETITION FOR ROADS. Petition of fifteen residents of Castro Valley for the construction of a county road 1600 feet long, extending easterly from the intersection of Macdonald and Kelly avenues, was received. Bonds were approved by the Board and L. B. Parsons, H. Ganssenger and P. A. Haviland were appointed as viewers.

CRITICISMS GAVE BODY. A communication from Frank M. Newbert, president of the Fish and Game Commission, criticizing the activities of Peoples Fish and Game Protective Association, was received. Board statement that the association is in favor of market hunters, and that its work is designed to allow unlimited slaughter of game. Similar letters have been sent to the Board by the Fish and Game Protective Association of the State.

POSTMEN ASK APPROPRIATION. Oakland mail carriers have requested the appropriation of a sum toward the expense of an advertising campaign at the convention of the California State Association of Letter Carriers in San Diego on July 18. Printed matter will be circulated and stereophonic lectures delivered descriptive of Alameda County. Request, which came from C. F. Lewis, chairman of the publicity committee of Branch 75, was placed on file and referred to the district advertising committee.

ASK BUDGET CONSIDERATION. An estimate of the amount required for repairs, alterations and improvements to be made in the Oakland schools during the summer vacation, was submitted to the Board by the Board of Education with the request that these sums be considered in the budget and the fixing of the taxes for 1914-1915. The following amounts were submitted: Repairs at the old Emerson school at Forty-eighth and Webster, \$7880; repairs, alteration and improvements at the Colorado school on Tenth Street, \$10,000; repairs and alterations at the Manual Training and Commercial High school at Twelfth and Market, \$12,000; Garfield school, \$4575; Prescott school, \$600; New Manual Training and Commercial High School, \$68,500. This last item calls for \$20,000 equipment and machinery for the shops and \$2500 for special furniture and apparatus for the laboratories.

Federal Law Annals N. Y. Service Hours

WASHINGTON, May 25.—The New York state hours of service law was today annulled as in conflict with the federal hours of service law.

Because the New York law limits the hours of service of a telegrapher to eight in twenty-four, and the federal law places the limit at nine, the court annulled the state law as unconstitutional.

RUNAWAY CHILDREN SOUGHT.

The police are seeking George Wilberman, 11 years old, who wandered from his home, 1247 Fifth-third avenue, Saturday. His mother notified the authorities of his disappearance.

The runaways from the Boys' and Girls' Aid Society of San Francisco are being sought by the local police. They are Arnold Genter, 16 years and Dan Matlock, 15 years.

COLONEL HOLDS PARTY COUNCILS

Murdock, Kellogg and Bourke Cockran Confer With Chieftain.

(Continued From Page 1)

Roosevelt for the Presidency after he is nominated by the Progressive party."

BULL MOOSE POW-WOW. OYSTER BAY, N. Y., May 25.—Progressive leaders from the central West came to Oyster Bay yesterday to confer with Theodore Roosevelt regarding the coming campaign.

The Minnesota Progressives were represented by Frank B. Kellogg of Minneapolis, who was known as the "trust buster" of the Roosevelt administration. Representative Victor Murdock of Kansas told of the outlook in his state. Colonel Roosevelt

this fall in both these states during his continental speaking tour.

George W. Perkins of New York, chairman of the Progressive national committee executive committee, yesterday made his fourth visit to Sagamore Hill since Colonel Roosevelt's return from South America.

Bourke Cockran of New York, former Congressman, and William Loeb Jr., who was secretary to the President, also saw Colonel Roosevelt.

The conference with the chieftain yesterday morning, coming down to the office with Mrs. Roosevelt in the family carriage, which was resurrected for the occasion.

The first time that Colonel Roosevelt attended church after his absence from home is always more or less of an event in Oyster Bay and a crowd of flaggers was on hand to greet him.

TO SEE ALL PROGRESSIVES. The trip which Colonel Roosevelt is to make to Washington tomorrow took on a new significance when it became known today he would hold an important conference with Progressive leaders there. On his arrival at the Capitol, Colonel Roosevelt will go direct to the Progressive headquarters, where he expects to see all the Progressives in Congress.

From them he expects to obtain first hand information as to the course of events in Washington during the last few months.

This conference will determine in a large measure plans to be followed in starting the ball rolling for the fall campaign. He said a few days ago he desired to keep out of politics as much as possible until after his return from Spain, but recent events have caused him to consider the question of jumping into the fray at once.

He has already expressed briefly his opposition to the Wilson administration's advocacy of the canal tolls exemption act and to the proposal to pay \$25,000,000 to Colombia.

TO MAKE ATTACK. It is understood that he will make his severest attacks on the present administration's foreign policy and on the operation of the Underwood tariff law.

It has been suggested to the Colonel that by remaining silent he is permitting the Republicans to steal a march on him by getting first into the field with their criticisms of the Wilson policies. This suggestion has had considerable weight with the former President, and it is not improbable that before he sails for Europe at the end of this week he will find the opening gun in what is expected to be the hardest fight of his career.

Mr. Roosevelt confirmed dispatches from Washington that while there he would pay his respects to President Wilson at the White House.

"It's Uncle Joe Cannon's move. He may publish any letters I write that he cares to. I don't know what he means."

So declared Colonel Roosevelt when asked about letters the former speaker said he was going to publish. Uncle Joe seems to hold the key to what is meant.

Commerce Commission Decision Is Reversed

WASHINGTON, May 25.—The Supreme court today annulled the Interstate Commerce Commission's order in the tap line case.

The court upheld the commerce court, which annulled the commission's order on the ground it acted arbitrarily in holding that allowances could not be granted on freight of interest-bearing both the lumber and the tap lines, but could be granted on freight of other interests shipped over the tap line.

AERONAUT FALLS TO DEATH BEFORE WIFE

CLEVELAND, O., May 25.—William Warner, an aeronaut, fell 1000 feet into Lake Erie yesterday and was drowned. His wife was in the crowd that saw him fall. His parachute failed to open.

WASHING WON'T RID HEAD OF DANDRUFF

Dissolve It, That's Best Way.

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single atom and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and smarting of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to preserve your hair, do not only starve the hair and makes it fall out, but it makes it stingy, straggly, dull, dry, brittle and lifeless, and everyone notices it. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

NEW SHAMROCK SENT TO WAVES

Lipton's Latest Vessel Takes
the Water; Will Bid for
Championship.

PORTSMOUTH, Eng., May 25.—In the presence of a distinguished company of British sportsmen, statesmen and society women, the Shamrock IV, Sir Thomas Lipton's latest challenger for the American cup, was launched today from the yard of Camper and Nicholson at Gosport. Later, on board his magnificent steam yacht Erin, the millionaire sportsman-merchant's guests drank enthusiastically—but not tea—to the success of his fourth attempt to win the Blue Ribbon of the Sea.

"I am making no rash predictions," said Sir Thomas, just before the gracefully lined craft slipped into the water, "but I honestly feel that my chances this time are the winning side. I know that this will be the best boat that ever crossed the Atlantic to try for the cup. Moreover, I ought to be with me, considering that this is the thirteenth race for that trophy. I have been preparing for this season for seventeen years. I have learned something valuable each of the three times I lost with the previous Shamrocks, and the boat we are now launching embodies not only the results of my own experience and observation, but the ripened fruits of the marvelous talents of that prince of designers, Charles E. Nicholson."

The work of rigging the Shamrock will require about a week, after which she will put on her tuning up trials. These will continue until about the middle of July, most of the races being pulled off in the Solent, the big stretch of water separating the Isle of Wight from the mainland. The present challenger is the first from this side to be constructed with a center-board. This plate dandruff will be typical of the Land of Heather.

In connection with the picnic there will be a big athletic meet under the auspices of the Pacific Athletic Association. Several of the best athletes around the bay will enter.

WEEK OF FESTIVITIES.

A week of Scottish festivities, which will culminate with the Shellmound reunion, was inaugurated Saturday night when the Caledonians gave an entertainment and dance at the German House.

Among the Scottish dancers who will appear at the picnic are: Miss Helen MacGregor, Malcolm MacGregor, Miss R. Mitchell, Mrs. Annie King-Lemon, Allan Davidson, Thomas Mulgrew, I. S. R. Trenchard and W. Sowerby.

Chief John A. McLeod, Christian William Urquhart, Secretary Allan J. McDonald, Past Chief Thomas Munroe and H. C. Swift are among the committee members who will be in charge of the picnic.

CROSS-COUNTRY WALK IS MADE BY BOYS

BOSTON, May 25.—Two San Francisco boys—Karl Woodside and Joseph Kelley—are racing at the home of Woodside's aunt in Brookline after walking across the continent. They started January 1 with 5 cents in their pockets. By singing, sawing wood, giving lectures and doing farm chores they worked their way to this city, arriving with \$12.

SCOTLAND FLAG TO WAVE CALEDONIANS TO PICNIC

The bonnie flag of Scotland will float over Shellmound Park next Saturday, when all the Scotch-American clans of California will assemble to take part in the annual outing and games of the Caledonian Club.

There will be fair games and braw lads galore, in kilts and tartans, dancing the Highland Fling and the Scottish reel to the tunes of a dozen bagpipes played by native Scotch musicians. Many of the favorite

CHIEF JOHN A. McLEOD, WHO IS IN CHARGE OF ARRANGEMENTS FOR CALEDONIAN CLUB OUTING.

sports and traditional customs of old Scotland will be reproduced, and the atmosphere of the picnic will be typical of the Land of Heather.

The announcement was made at the regular monthly session of the commission at its headquarters. Plans and projects to make New York's showing at the exposition the best were discussed and contracts were submitted and approved for carrying out the work. Saturday evening following the meeting, Mr. and Mrs. Hearst entertained a dinner the members of the New York commission.

MRS. HEARST NAMED AS OFFICIAL HOSTESS

NEW YORK, May 25.—At a meeting of the Panama-Pacific exposition commission of the state of New York Saturday, Mrs. William Randolph Hearst was elected to the position of official hostess of the New York state building at the world's fair.

The announcement was made at the regular monthly session of the commission at its headquarters. Plans and projects to make New York's showing at the exposition the best were discussed and contracts were submitted and approved for carrying out the work. Saturday evening following the meeting, Mr. and Mrs. Hearst entertained a dinner the members of the New York commission.

BUILDING BURNED.

SIOUX CITY, May 25.—The Grain Exchange building, a four-story office building, was destroyed by fire early yesterday. The loss is estimated at \$200,000. Charles Ellis, fireman, was caught under falling walls and seriously injured.

NEW TYRANNY IS SPEAKER'S BOGIE

Congressman Bartholdt Declares Carl Schurz Would
Fight Puritanism.

ST. LOUIS, Mo., May 25.—"The dark specter of Puritanism is beclouding the sun of freedom. It is the lot of the present generation to defend the sovereignty of the individual against the tyranny of the majority."

With these words United States Congressman Richard Bartholdt of Missouri declared here yesterday that Carl Schurz, Emil Preterorius and Carl Deneke would find a new fight for freedom was to be waged if they were living in this epoch.

Mr. Bartholdt spoke at the unveiling of a monument to the three German editors, erected in commemoration of their fight for freedom during the civil war.

The German revolution into the American civil war. They loved this country with patriotic fervor. They adored Americanism with all that is good and true and beautiful in German civilization. Little did they dream that self-government, the essence of political liberty, could ever be perverted or debased into an instrument to suppress individual liberty.

IN FREEDOM'S CAUSE.

It is the lot of the present generation to defend the sovereignty of the individual, the inherent right of self-control, against the tyranny of the majority. A struggle in which there is as much at stake as in all preceding struggles for the preservation of liberty.

"The plan is to enslave the many because of the possible excesses of the few, and American self-government, the proud boast of our leaders, is no longer to be a government of each by himself in matters of personal conduct, but of each by all the rest. If these leaders of ours were living today how indefatigable they would be in the assertion of the inalienable rights of the individual, how they would thunder against the threatened slavery."

"We would be true neither to the traditions of our great ancestors, American, as well as German, nor to the memory of a Carl Schurz, an Emil Preterorius or a Carl Deneke. If we failed manfully to oppose the plans of the sappers and miners who are stealthily engaged in dynamiting the foundations of this free government."

SEEKS RE-ELECTION AS DEMOCRATIC SENATOR

DENVER, Col., May 25.—Announcement of his candidacy for re-election was made last night by United States Senator Charles S. Thomas of Colorado (Democrat). Senator Thomas arrived here yesterday from San Francisco and left for Washington today. The Colorado strike situation was discussed yesterday at a brief conference between Senator Thomas and Governor Ammons.

SOUTH METHODISTS END OKLAHOMA CONVENTION

OKLAHOMA CITY, Okla., May 25.—After being in session eighteen days the quadrennial general conference of the Methodist Episcopal Church South has adjourned. The session of the place for holding the next conference has been entrusted to a special committee named for that purpose.

A plan to place all benevolent collections into one fund, to be divided among the different boards of the church, will be recommended by the committee on finance and a committee named to consider the plan.

MEMPHIS SELECTED.

WAGONER, Okla., May 25.—The selection of Memphis for the placing of the 1915 general assembly and the passing of greetings to other religious organizations now holding their conventions marked the last session of the general assembly of the Cumberland Presbyterian church. A feature of the meeting was the failure to extend greetings to the Northern Presbyterian Assembly at Chicago.

CONVENTION OPENS.

CINCINNATI, May 25.—The general convention of Churches of New Jerusalem in the United States has been opened here. Following the business meeting services in preparation for the holy supper were held. Today was devoted to church services.

Indigestion? Can't Eat? No Appetite?

A treatment of Electric Bitters to create your appetite; stops indigestion; you can eat everything. A real spring tonic for liver, kidneys and stomach troubles. Cleanses your whole system and you feel fine. Electric Bitters do more for Mr. T. D. Peebles' stomach troubles than any medicine he ever tried. Get a bottle today. 50c and \$1.00 at your druggist.

Bucklen's Arnica Salve for Eczema.

TUTUILA CELEBRATES AMERICAN'S ADVENT

PAGO PAGO, Samoa, May 25.—The fourteenth anniversary of the hoisting of the Stars and Stripes in American Samoa was celebrated in Tutuila April 11 in a distinctive native fashion by the largest gathering of Samoans that has been seen here since annexation. The usual formalities of such an occasion were dispensed with, and the natives took charge of the program, much to their delight.

Uncle Sam was impersonated by a tall, dignified Samoan, who led a native girl by the hand to the stand occupied by Commander Clark D. Stearns, governor of American Samoa. The girl was introduced to the governor as Miss Tutuila, and the chief executive replied, "She is now 14 years old, and has grown well." That was the end of the formalities, and the crowd gave itself over to the enjoyment of native games, war dances and sham fighting.

The public buildings and some of the churches were requisitioned to provide sleeping accommodations for the visitors to Pago Pago, but an enormous quantity of food was sent in by the residents of the surrounding country. Besides fish, hogs and cattle, great piles of taro, coconuts and bananas were shipped in, so that visitors were well supplied with free viands for several days.

CRUSHED UNDER BOX.

SAN FRANCISCO, May 25.—E. Winterhalter, 35 years old, a sculptor working at the exposition grounds, received serious injuries Saturday when struck by a heavy box that fell from a ladder. He was treated at the Exposition Hospital and removed to his home, 2 Center street.

"RAIN PADRE" WILL BE HEARD IN LECTURES

SAN JOSE, May 25.—Father Jerome S. Ricard, head of the Meteorological Observatory of Santa Clara, is about to join the ranks of the lecturers.

He accepted an invitation from the California Chautauqua to come to speak at the public drive of the conference to be held in July. Father Ricard has not yet announced his subject for the lecture.

The widespread prominence given to Father Ricard's system of weather forecasting and the considerable degree of success which has attended his efforts resulted in the invitation.

POWDER FACTORY DESTROYED.

BUREN, Prussia, May 25.—A great explosion occurred in the gun cotton factory of the German Explosive company. Six men were killed and two are missing. Ten men were seriously injured and a score slightly hurt.

Tribune Home Industry Department

YOU CAN EARN MONEY WRITING ESSAYS ON CALIFORNIA-MADE GOODS

We are dependent upon each other for progress and growth. The money you spend at home gives employment to yourself, to your own family and to your neighbor's family. California is growing by leaps and bounds. It is imperative that you become acquainted with the products of your home state.

For this purpose THE TRIBUNE has started the "Home Industry Department." These advertisers are men of their word. They co-operate with

every one of us in making business better. Every article or service here stands on its own merits. All we ask is that you give them a trial. As a special incentive for you to do business with the manufacturers of food products and other articles made in California we are offering several cash prizes each month. These prizes are:

First prize, \$3; second prize, \$2; three prizes of \$1 each.

These prizes are for best essays on "Why California people should do all their buying from California manufacturers and jobbers, everything else being equal."

This contest will be open to all boys and girls of California. Cash prizes of \$3, \$2 and three prizes of \$1 each will be given each month, or \$96 during the year. Essays must not be over 200 words in length and should be mailed to Home Industry Department, TRIBUNE, not later than 6 p. m. on last Friday of each month, beginning with the last Friday in April.

In each essay the writers are asked to mention the things which are used in their respective homes that are made in California.

The writer's full name, address and telephone number of their parents, must be plainly written in every essay. The essay must be written in own handwriting of the child submitting it and only one side of the paper used.

Rehabilitation of 'El Camino Real.'

Alameda County's Publicity Committee and the Press and Printing Committee of the Oakland Commercial Club have taken up the work of rehabilitating the "El Camino Real," the king's highway connecting the Franciscan missions of California. The work is commendable in the extreme, for the missions and the road are a part of the history of California.

While on this topic let THE TRIBUNE suggest another idea to the worthy organizations alluded to, the restoration of some of the missions which have been allowed to fall into decay. Let us take for an example the Mission San Juan Bautista in San Benito County, which was partially ruined by the temblor of eight years ago. It was founded in 1707. It was a great power for good. It made of the Indians a Christian people as its records testify. Thousands were baptized by the padres and in the rear of the adobe walls it is said that more than three thousand sleep in the area bordered by the olive trees, the shoots of which were brought from Spain. The temple has since a thing of beauty. Its altar was stained with a mixture of oil and powdered stone from the nearby mountains and while nearly a century and a half has elapsed since the days when loving hands adorned it, the colors are still fresh and with little work it could be restored to its pristine charm. Its cloisters are quaint and unique and standing within its walls one can almost hear the sandaled feet of the old fathers as they responded to the call for worship.

In its rooms are treasures almost priceless. There are tapestries from old Castile, covered with dust. Rare books are there, volumes printed and written hundreds of years ago. There is the ancient music box, with its limited airs, which was the wonder and the awe of the red man who stood enchanted while some good priest turned its crank and produced harmony. There is the music book written in colors—one for each voice—by the young clergyman who sleeps under a great stone near the spot where the primitive Californian bowed at the elevation of the Host. There are a thousand and one things to look at with reverence. While it is true that some effort has been made to restore the fallen walls and to preserve the treasures of antiquity therein contained, enough has not yet been done. The Native Sons and Daughters—irrespective of belief—have aided in this work, yet more money should be raised and this place—as well as others of like character—should be restored to as close a resemblance of their originality as possible.

Californians owe it to themselves to see that this is done. The east has perpetuated its history by proper attention to Valley Forge and the Brandywine; to Gettysburg and the Wilderness; it has commemorated Pontiac, Black Hawk, Logan and Tecumseh; it has carved Washington in marble and put the great leaders of thought and battle in bronze. It has perpetuated the history of men of great deeds in painting and in story. California should preserve the missions and the highway between each so that the coming generations may be inspired by the sight of the first real trail finders, the gentle Franciscan priests, the men of God who penetrated the then unknown lands and opened the way for the present civilization.

The Colonel is 55 pounds lighter than he was previous to entering the Brazilian jungles. Discovering new rivers appears to be the real thing in the strenuous life.

Painting of Famous "Oregon."

Senator Henry Cabot Lodge of Massachusetts has introduced in the upper house of Congress a measure reading:

That for the purchase by the joint committee on the library of the oil painting by William F. Halsall, entitled "Our Glory—the Battleship Oregon," the sum of \$25,000 be, and the same is hereby appropriated out of any money in the treasury not otherwise appropriated.

Halsall is said to be of English birth, he followed the sea for years and served in the United States navy during the war of the rebellion. Since that time he has painted many marine pictures, including the battle between the Monitor and the Merrimac, the first duel of iron ships, now in the Senate chamber; also the Mayflower which hangs in Memorial Hall at Plymouth. He is reported as being a man of commanding ability and a leader in his profession.

The Oregon played an important part in the history of the country following her construction at the Union Iron Works, on San Francisco bay. Her famous voyages to Santiago, by way of Cape Horn, when the services of such a strong fighting boat were in demand was a memorable one, especially when we recall that Captain—now Admiral Clark—made the trip without a mishap and dropped anchor following the signal that he was ready for action. Her trip to Manila bay afterward was another great event. But not so much because the ship made both without a hitch and behaved admirably, her machinery holding out during both, but for the reason that the necessities for these two voyages directed attention to the needs of the isthmian canal at Panama. For it is a fact that the Oregon was a great factor in the idea of that mighty work now almost ready for the commerce of the world.

The Senate will do well to purchase this picture and preserve it, together with a history of the achievements of the battleship and those manning her, to the end that coming generations may derive a lesson by looking upon the picture and reading of its achievements.

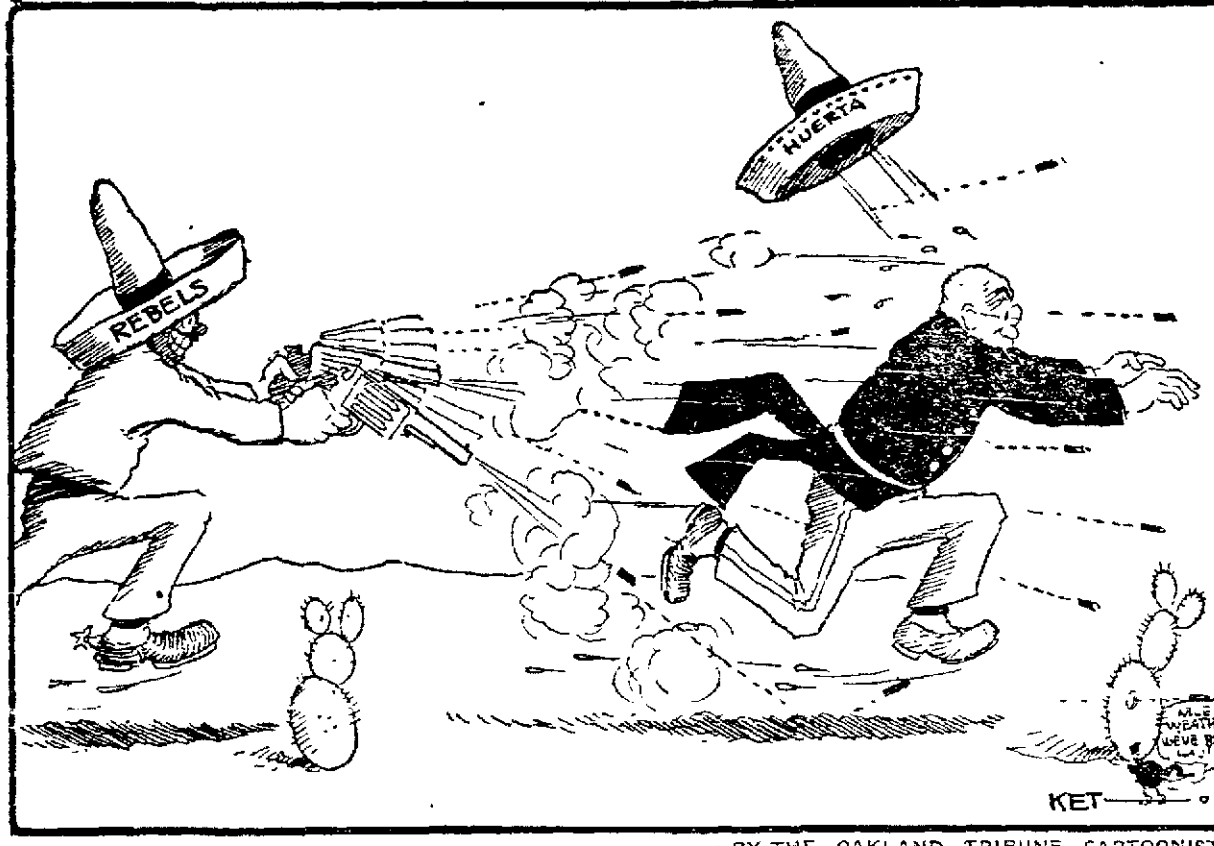

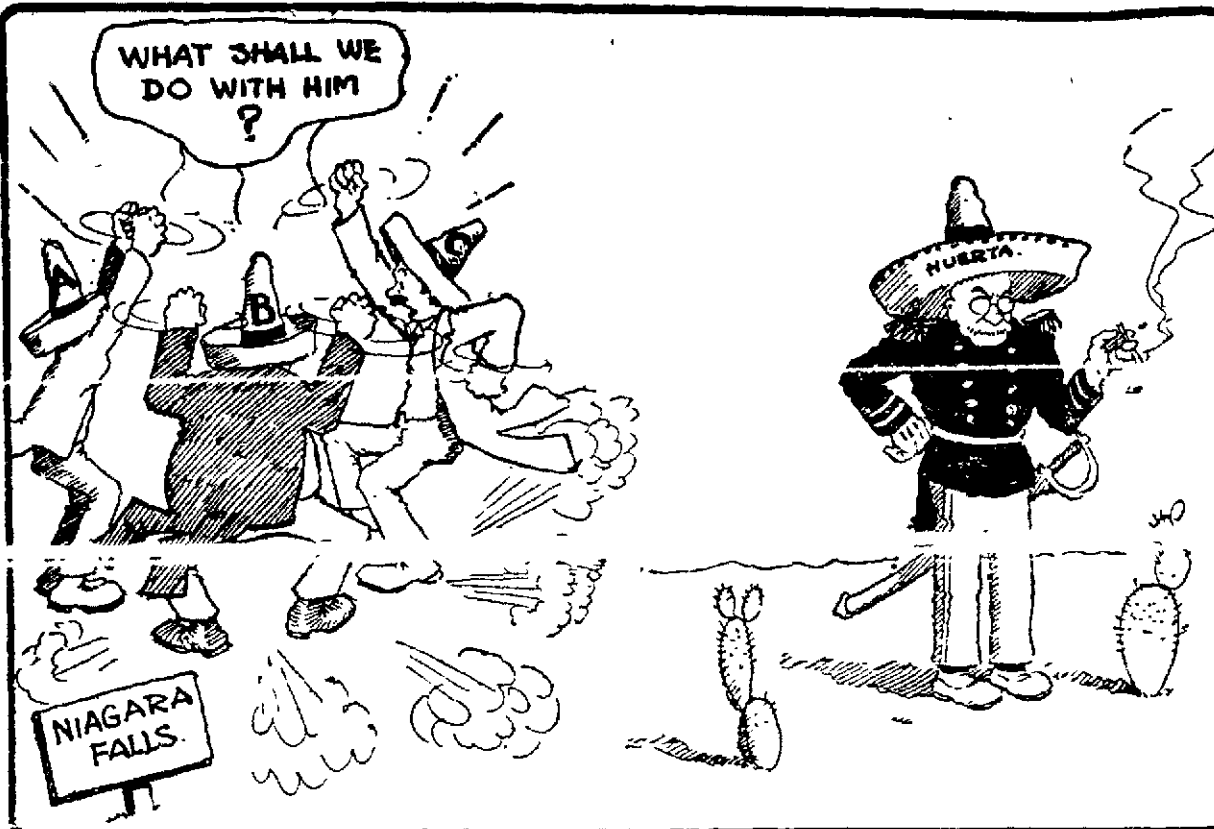

Millions for Hogs, Thousands for Babies.

Representative Calder of New York, addressing the House of Representatives on a motion to increase the appropriation for the investigation of infant mortality and dangerous occupations for children from \$25,000 to \$164,000, delivered some very sensible remarks.

Mr. Calder directed attention to the fact that each year 2,000,000 children are born in the United States and that 300,000 of these die during the first year, and that a majority of these deaths are due to the results of ignorance and negligence. At the same time the Department of Agriculture is spending millions over the country, distributing serum and taking every known method to prevent the spread of disease.

The hog is a valuable adjunct to the food supply of the nation. It is important that disease should be checked in order that the hog may have meat. But while the nation is spending all this money the hog is not the only beneficiary, for we are fighting

TWO KINDS OF MEDIATION

ing fruit pests, tuberculosis in cattle, croup in chickens and various ailments in sheep at enormous expense—why not give the baby a show with the rest? For the baby is after all the greatest asset the country claims. He is the citizen of tomorrow and the statesman of the coming days. He ought to be conserved, and it is a small policy that will not admit of spending \$164,000 for inquiring as to the best methods of preserving his life, when a set of educated grangers take millions from the national exchequer for the cure of the Berkshire and the razorback, the bovine and the oyster plant, the apple tree and the ewe.

Forest Fires Early This Year.

Press dispatches to THE TRIBUNE tell of raging forest fires in British Columbia. Damage inflicted near Vancouver is estimated at \$200,000. Near Coquitlam Lake an area five miles long and two miles wide has been burned over. Logging camps have been wiped out and the inhabitants forced to flee for safety. Washington also reports forest fires and patrols are being doubled.

The chances are these damaging conflagrations were caused by gross carelessness on the part of persons encamped in the burned districts. It is lamentably true that the most of these disastrous occurrences are due to negligence. It is too often the case that camp fires are left smoldering. They are fanned into life by breezes, sparks are scattered and then comes the trouble. Cigar butts, cigarette stumps, the burning ashes of pipes contribute their part to the general totals and each year valuable tracts of timber that should have been preserved for useful purposes are consumed.

It is said that some forest fires are due to spontaneous combustion. That broken glass collects the sun's rays and focusing them on the dry leaves starts blazes. This may be true in isolated cases, but the rule is carelessness of some sort.

It is early for forest fires. The weather has as yet not been dry enough to wither the foliage or to make the underbrush particularly susceptible to heat, hence the blazes now spreading over northern sections were certainly due to negligence.

Campers and others should be very careful in making their trips to the hills. Extreme care should be used, because these yearly blazes are gradually making the mountains less desirable for vacation purposes, as well as denuding them of commercial assets. The remaining forests and beauty spots should be conserved, not burned over, and if those who get the most enjoyment out of visits to the pleasure places exercise the care demanded these expensive happenings will be less frequent.

RESTING THE BRAIN

The eyes and the brain of the busy man, no matter what kind of work he follows, become weary and need rest just the same as any other part of the human body. Nothing has been found in the wide world that will give weary eyes and a tired brain more immediate rest than a few moments gazing on a pretty bed of bright-colored flowers. The contrast is so great from that which has occupied the organs that they were well-nigh exhausted, and the effect is simply marvelous. Flowers in the home divert the mind and rest the weary eyes of the household.

A bouquet in the sickroom aids in keeping the mind off the disease and often starts the brain on a new channel of thought that puts the patient on the road to recovery. Flowers in the office, or on the desk of the weary clerk or stenographer will produce such a telling effect that by actual comparison more work is accomplished by those whose eyes and brains are rested by these flowers.

FACTS AND FIGURES

Coins are in circulation on an average of 27 years. Bavaria plans a system of unemployed insurance. The number of unemployed in Berlin is estimated at 100,000. About six per cent of Ohio's automobiles are electric cars. Two-thirds of the world's best crop is planted by those whose eyes and brains are rested by these flowers.

A SEA BATH AT HOME

Various sanatoria and private hospitals are using the "salt rub," and it is becoming so popular that some Turkish bath establishments are advertising it as a special attraction. It is just as good for well people as sick ones, is the most refreshing of all baths and rubs the sea, and is met with in its effect upon the skin and complexion. With all these virtues it is the simplest and most easily managed of all similar measures, and can be taken at home easily. Put a few pounds of coarse salt—the coarsest you can get—into a large earthen jar, and pour enough water on it to produce a sort of slush, but not enough to dissolve the salt. This should then be taken up in handfuls and rubbed briskly over the entire person, but anyone in ordinary health can do it for himself very satisfactorily. This being done, the next thing is a thorough douching of clear water, preferably cold, and a brisk rubbing with a dry towel. The effect of elation, freshness and renewed life is immediately felt, and the satiny texture of the skin and increased clearness and brightness of the complexion swell the testimony in favor of the salt rub.—The Family Doctor.

REAL SHAVES IN INDIA

The natives of India go in a great deal more for shaving the chin, but on occasion will shave the eyebrows, as well, and in the case of certain rites and ceremonies, the head, too, is completely shaved. No soap is used, but the beard is softened by being rubbed over with a little cold water. The razors employed are generally of native manufacture and downy growths are shaved off with a razor. Moreover, they are very much heavier than those of European make. The strong size of a man's palm, and is held in the open hand during stropping. The recognized cost of a shave is 1 pie, which is the exact equivalent of 1 farthing. With western education, however, conditions are rapidly changing, and many native gentlemen now shave themselves. The advent of safety razors is all doubtless to mean toward breaking down prejudice among natives against the use of the razor.

SPEEDWAY RACE PROGRAM FOR SATURDAY

500-Mile Classic to Again Startle World, Is Claim

(By EDMUND CRINNION.)

Who will be the popular hero of the next 500-mile race on the Indianapolis Motor Speedway next Saturday?

Which driver will perform the startling something which always happens—the unexpected, yet expected, which keeps the big speedway crowd constantly at a nervous tension during the long wait between the start and

the end?

Individual heroism has marked the running of every previous 500-mile race at Indianapolis.

Last year it was Charlie Merz who electrified the speedway through when he drove his Stutz No. 2 around the track for nearly two laps with flames shooting from beneath the white bonnet of the Indianapolis racer as it careered from curve to curve in a desperate race with time.

and apparently a third place clinched. In the 19th lap it became apparent to the widely excited spectators that his car was on fire.

Interest immediately centered on the pyrotechnic finish and thousands of dollars were about to change hands on the ability of the boy pilot to finish in the money. But Merz was made that the Stutz would not finish the race.

Every eye in the grandstands followed the motor-like progress of the flying racer around the south turns and down the back stretch. Instead of slowing down Merz increased his speed.

He rounded the north turns faster than any other driver had previously dared. Like a runaway comet he dashed into the home stretch and with an unbelievable burst of speed crossed the wire just in time. When fire extinguishers quenched the flames which threatened to consume the spent racer and balm soothed the burns of its fiery crew, veterans who have followed the racing game for years declared it the greatest exhibition, the coolest nerve and the pluckiest finish ever witnessed on any track.

Merz's exhibition is in direct contrast with the finish of the 1912 race. While Merz was able to win his share of the prize money, a tragic accident in his very moment of victory cost him his life.

His fortune was not so generous with the man who finished the third in the contest of the preceding year.

His ability to smile in the face of adversity, to step aside for another man to pass at the start, made Ralph De Palma the popular hero of the 1912 speedway race.

De Palma was six laps ahead of his nearest competitor when engine trouble slowed him up in the last five miles of the race which established the present speedway record.

De Palma had driven a beautiful race. His victory was assured and it was to be a popular one. Every one agreed that the Italian had at last shaken his "hinx."

The bolt which shattered his chances came out of a clear sky. His speed began to slacken perceptibly as he sped down the home stretch to begin the last lap it was discovered that he was hitting on two cylinders.

On the back stretch his speed was reduced to less than 20 miles an hour. Then suddenly, with a few final heaves of despair, the great mechanic gave up the ghost and quit entirely.

Ralph and his mechanic pushed the helpless giant around the track, down the stretch in front of the grandstands and up to the pits.

The great crowd shouted itself hoarse to encourage the disappointed driver. He was greeted at the pits as cordially as if he had been the actual winner.

But the good wishes of the mob could not bring back the \$20,000 which would have been his had not ill-luck played "hob" with his iron steed.

Harry Knight was the "hero" of the 1911 race, the first event of its kind ever held in the history of racing. Approximately forty-five cars were entered. The track was crowded to overflowing.

The drivers were forced to compete against time, track and the inexperience of their fellow drivers. It was a dizzy, pell-mell, pot-pouri of popping engines, excited people and grave disorder.

Imagine if you can a swift current of racing cars, passing along a ribbon-like path of fiery brick with kaleidoscopic swiftness, a relentless hur-

ing in one direction, where a misstep would mean death and destruction to the swift speedsters in the rear.

Harry Knight was swept along in that irresistible current of speed. His nerves were tense and his mind was on keeping his car in a straight line on the path that might lead to glory or death.

Then, quicker than a flash, Knight saw the specter of a man lying directly in his course. The specter tried to rise. It proved to be a mechanic who had fallen from his car directly in front of the pits.

Knight would have to decide quickly to crush the man or wreck his car. He decided. When his car stopped rolling it had turned numberless somersaults and finally came to rest in the driveway leading to the stables.

Neither Knight nor his mechanic were injured beyond repair, although their escape was considered miraculous. Parts of the wrecked car were gathered up, junked, and the race went on. An ambulance carried Knight and his partner to a hospital, where they were patched up.

An effort was made by some of Knight's friends to get him a Carnegie medal for his heroism, but, lacking the proper support, the plan fell through.

In every 500-mile race some one has done the unexpected, which makes strong men gasp and weaker ones faint.

a swift succession of surprises.

Who will be the outstanding figure in the 1914 event?

DEMONS TO BATTLE.

The eyes of the motor-racing world will be turned on Indianapolis during the coming week, for the big 500-mile international speedway contest is scheduled to be pulled off next Saturday. On Tuesday, Wednesday and Thursday the elimination trials are

real information as to what may be expected of the entrants will be seen.

Interest in this year's speedway contest is greater than ever before. Not only has the seat sale at the Indianapolis course shown a material increase, but motorists unable to attend the carnival have urged that special reports telling of the progress of the race be flashed to them at distant points. The reason for this increased interest is largely due to the fact that the contest has assumed the character of an international aspect than any of the three preceding races. The present event is going to be a real match between American and European automobile engineers as well as a contest that will bring out the skill and daring of Americans and foreigners as motor car pilots.

Today the European claims that he is superior to the American in building a more powerful and faster car and having the men to operate them, and to prove it there is the most formidable array of European entries that has ever contested in America. The American builders have quite a strong combination in the Mercer, Stutz and Maxwell factories to stand off the invaders.

California's interest in the contest this year is greater than ever, principally because most of the pilots will doubtless compete in both the Vanderbilt and Grand Prix races, that are to be pulled off in San Francisco as exhibition attractions in 1915.

The course that has been tentatively selected for these two racing classics will be virtually a speedway and approximately as good time as will be made in Indianapolis can be duplicated here.

The route chosen for the two races is a five-mile course running through the exposition grounds, as shown in the accompanying illustration. There will be but two right-angle turns, and these are to be banked in order to make the race easy to negotiate. The course has been so mapped out that during the progress of the races it can be well guarded and the chances of mishap exceedingly slight.

The exposition management has decided to hang up purses for these two events that will certainly draw the best talent in the world.

HIGH SCHOOL SORORITY WILL SEEK CHAPTERS

CHICAGO, May 25.—The Sigma Delta Gamma High School sorority today has a missionary on the way to Europe to endeavor to found high school sororities there. Miss Rose Peckham, a graduate of Hyde Park High school, started on a tour, financed from the funds of the sorority, which will include London, Paris, Copenhagen and other cities. Miss Peckham will organize chapters wherever she can interest high school students. High school students here have bitterly opposed repressive measures adopted by the board of education against the sororities and fraternities.

INJURED BY FALL

SAN FRANCISCO, May 25.—Wm. Brown, 62 years of age, residing at the Capitol Hotel, Sansone and Washington streets, was seriously injured yesterday afternoon while at work on Pier 27, when he fell between the wharf and the freighter Castor, from which he was unloading lumber.

AUTO TRUCKS IN MODERN WARFARE

Serviceable Non-skid Tires Play Important Role in Mexico.

When war's alarms are sounded over the land and Uncle Sam's army sets in motion preparatory to uphold the dignity of the nation and redress its wrongs. The work of taking proper care of the thousands of soldiers in the field immediately looms up as the big problem for the army commissary.

No half-way measures in this business can be tolerated, for men and beasts have to be fed and clothed properly to hold them to their highest campaigning efficiency. Vast stores of arms, ammunition, food, clothing and medical supplies have to be moved from the base of supplies to the front with celerity and safety, and the best way to do that in these days of modern transportation is either by train

or by road. If there are no roads, the trucks frequently have been disabled for safe traffic.

It is in the above emergencies that the auto truck and the motor car come in for their full share of military transportation work, and prove an invaluable aid to the commissary of the army. In the present army activities on the Mexican border many trucks and motor cars are constantly in service, doing the work that was formerly done exclusively by our four-wheeled friends, but now that a new era of all-weather tires has been developed, the auto truck and motor car have come to life the major part of his burden from his back.

"Every day we receive some reminder of the universal use of our tires," remarked C. A. Muller, local agent of the tire department of the United States Rubber Company of California. "Sometimes it is from a faraway mining camp, other times, from busy industrial plants. Recently we received advice from one of our branches near the Mexican border that many new United States tires have been bought by the Government for service on cars and trucks now with the army. These tires range from the heavy truck article to the light car type. On account of their adaptability to get over any kind of road, or over ground where there is no road at all, 'Nobby Tread' tires are particularly favorites, as they possess in addition to their great wearing qualities, effective non-skid features which make them the ideal tire for this rough work."

LATE JOURNALIST SAW BATTLES OF CIVIL WAR

WASHINGTON, May 25.—Funeral arrangements for de Bonnevillie Ralph Keim, aged 72, of Washington and Reading, Pa., for many years one of the best known Washington correspondents, were being completed here today. He died at a local hospital yesterday. Burial will be in Reading tomorrow afternoon. Mr. Keim was one of the last of the newspaper men who reported the battles of the civil war.

NAVY COMMANDER IS SUMMONED BY DEATH

WASHINGTON, May 25.—Commander L. L. Reamy, retired, of the navy, died here early today of neuritis. He was retired in 1910 and was 65 years old.

MAXWELL RACERS ON FIRING LINE

Serviceable Non-skid Tires Play Important Role in Mexico.

With the shipment of the third Maxwell racer to Indianapolis on Tuesday, Ray Harroun officially completed the assignment given him by President Walter E. Plandors of the Maxwell Company last January. Dame Rumor, however, now comes to the front and broadly hints that so far from being through with the racing game, Harroun intends to drive the third car built under his supervision in the 500-mile race.

While Harroun will neither deny or affirm the statement it is known that no driver has been selected for the third Maxwell racer, with the day of the race only a short distance away. Close friends of the man who won the first 500-mile race claim that rather than turn over the mount to a second or third-rate pilot, Ray Harroun will decide to take the wheel he will have

himself.

Racing fans all over the country would welcome the return of Harroun with delight, as he is one of the most popular drivers who have ever taken part in the big road and track events of the past five years. Ever since he won the first 500-mile race in 1911 he has been considered one of the world's greatest drivers and has turned down scores of attractive offers to drive cars since that time. It will be remembered at the close of the 1911 race Harroun declared he would never drive a racing car again, but it is not at all improbable that conditions will help him to overcome his objections to driving in this year's race.

With the acquisition of Harroun, the Maxwell team with Teddy Tetzlaff and Billy Carlson would indeed be a formidable aggregation. Tetzlaff is known as a "beat it" driver, one who will obtain every last ounce of speed from his car from the very start. Carlson is exactly the opposite type of driver, measuring his speed to an average time per lap and sparing his car as much as possible. Harroun fits in between the two extremes and should balance the Maxwell crew to a nicety. In addition should Harroun decide to take the wheel he will have

himself.

triumphed in the first 500-mile race.

Team Manager Ernie Moross, who is looking after Maxwell interests at the Speedway, wires enthusiastic reports on the speed shown by Tetzlaff and Carlson in the daily workouts. Moross states that the cars are especially efficient on the banked turns and the drivers are taking the turns at almost "stretch speed." All three cars are in readiness for the elimination trials, which will start shortly.

PRESIDENT WON'T TALK ON MEXICAN TOPIC

WASHINGTON, May 25.—President Wilson will resume his semi-weekly conferences with the Washington correspondents on Thursday. It was announced, however, that the President will not discuss the Mexican mediations. The conferences were abandoned a month ago.

The president of a large manufacturing concern of Angola, N. Y., uses a motorcycle constantly in riding from his home in Buffalo to the Angola factory. He says that in this way he is kept in condition for the work of managing the numerous departments of his business.

Production of sulphuric acid in the United States in 1913 was 3,538,890 short tons of fifty degree acid, valued at \$22,396,482. This was an increase of 662,930 short tons over that of 1912.

Rhode Island gained 2855 wage earners in 1913.

LINER DRIVES AGAINST AN ICEBERG

Tony and Birds Hold Reunion Host to His Feathered Friends

Spring has brought the sparrows in thicker flocks around Tony's peanut and candy cart in front of the

years Tony has fed the birds from his choicest stock—the juiciest of nut kernels and bits of fruit and occasionally a few seeds which he produces from an inner pocket as a

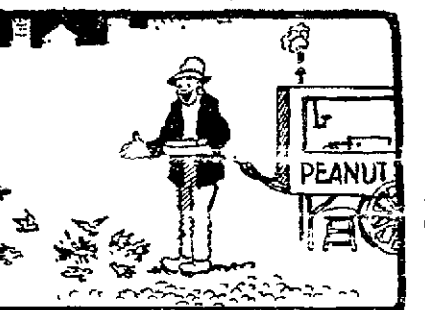

special token of friendship. And Tony's feathered friends almost invade his pockets in search of the delicious, so trifling as they are.

Strange pedestrians, unfamiliar with the language of the sparrows, stop too near to watch the feeding and there is a sudden migration, followed by scowls from Tony for humanity in general until his guests flit back to the feast.

Sparrows fall to the earth, as Scripture has related. Some of Tony's pets drop in the highways and hedges, never again to fly or feast, and others peck on—Tony wonders why—to regions less happy. Almost every day he sees the places of tame birds filled with less venturesome ones. But he has the joy of making these his friends. Their sample his wares, chirp their

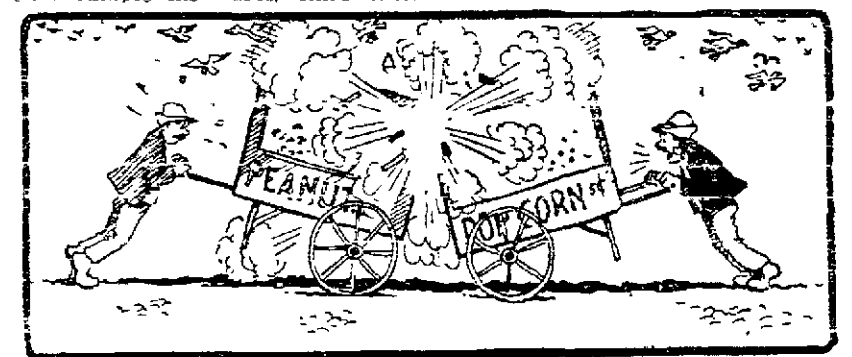

right to vend his wares and feed his birds in peace at the old stand. When Tony appeared that sorrowful day he found the stranger established in

rows whirling about with indignant cries. On came Tony's cart, so determinedly that there was a crash of wheels and sweets from both wagons scattered into the dust. Instead of

gathering about with delighted chirps to pick them up, the birds flew to a safer distance, where they awaited mediation. But there was no peace among the merchants. The squatter apparently had come to stay. He was almost twice as large as Tony, who had neither the brawn nor the heart for a fight. The separation from his bird family troubled him more than the disaster in his business affairs.

Where Tony went and how long he was missing isn't recalled. But his successor found neither bird nor man attracted by his wares or his disposition and there came a day when he sought a different location and another day when Tony found his way back. Tony said he had had no birds to feed during his exile and that he returned filled with longing. The word was passed among the sparrows that Tony had come into his own again and back they tugged to joy and plenty. You'll not see these same feathered friends there today, for Tony has been unable to keep all of his loved ones. And he has sighed for every one that has fallen in the byways and failed to come at mealtime.

episodes of them and of the kindly host and back they come another day to feed a few feet closer to the start. Once happiness had temporarily along with Tony and his wares and his cart—from the church corner, came an uncouth squatter, pushing a strange cart—a despoiler of chattering birds and a usurper of Tony's

time.

BERKELEY IS INTERESTED IN OAKLAND AUDITORIUM

Editor TRIBUNE: Berkeleyans who are awake to the importance of preparing for the reception of the great throngs that will visit this side of the bay next year, feel that they are equally interested with you in the success of the project.

Alameda county is nearer the Panama-Pacific exposition grounds than many parts of San Francisco. Hundreds of thousands of people will be attracted hither. There will be hundreds of events that will need Oakland's auditorium to afford proper housing. Your auditorium ought to give room for a splendid display of Alameda county products, which I believe the Alameda county supervisors would install if you give them a chance.

We of Berkeley believe that it will be the height of wisdom for Oakland to proceed and complete the auditorium as soon as possible. It will help all the rest of the county some, but it will benefit Oakland more than all the rest of the county put together.

WELLS DRYDEN, Secretary Berkeley Chamber of Commerce.

CHOIR IN STREET LEFT \$20,000,000

Seeks to Attract Worshippers by Marching to Nearby Square.

NEW YORK, May 25.—Led by a surprised youth, heading aloft a golden cross, the Rev. Dr. Theodore A. Sagar, his two priests, a vested choir and more than a hundred members of the congregation of the Calvary Episcopal church last night marched from the church to Union Square, where the rector appealed to a crowd of several thousand persons to return with him and attend the Sunday night service. This is the fourth time since 1911 that Dr. Sagar had adopted this plan of attracting people to his church.

After a short service in the park the procession reformed and marched back to the church with about 200 recruits following. In the church the regular service was conducted.

Charles W. Post Bequeaths Estate to Widow and Daughter.

WASHINGTON, May 25.—The will of Charles W. Post of Battle Creek, Mich., who died at Santa Barbara, Cal., on May 9, filed for probate, leaves the bulk of an estate estimated at \$25,000,000 to the widow, Mrs. Lella T. Post, and a daughter, Marjorie Post Close.

The stocks, bonds and other personal property of the estate was estimated at about \$18,000,000. Mr. Post's property at Rockridge, Conn., one-half his Texas estate, the Marjorie Block and Enquirer buildings in Battle Creek, 25 per cent of all the personal property aside from holdings in Battle Creek cereal companies, and one-half the latter, were left the daughter.

Mrs. Post inherits all other real estate at Battle Creek, in Santa Barbara and in Texas; the remainder of the holdings in the battle Creek companies and 25 per cent of the remaining personal property. To two grand-daughters, Adelaide Close and Eleanor Close, Mr. Post left 10 per cent of his personal estate.

WOMAN ENDS QUARREL BY LEAPING FROM CAR

SAN FRANCISCO, May 25.—Mrs. Beulah Pruitt, the 18-year-old wife of G. F. Pruitt, an official of the Panama-Pacific Exposition Company, is at her home, 844 Oak street, as the result of jumping from a 14-alister street car yesterday morning. The woman is suffering from a fracture of the skull and possible internal injuries. The couple had spent Saturday night in Oakland and were returning home when a dispute arose. Mrs. Pruitt went to the platform and jumped from the car. Whether her act is to be interpreted as an attempt at suicide or whether she sought merely to get away from her husband, is not known.

CARDINALS IN CONSISTORY

Four Americans in the List of Notables at Big Meeting.

ROME, May 25.—Four American cardinals, for the first time in the history of the Vatican, this morning attended a consistory of the Sacred College. They were Cardinal Gibbons of Baltimore, Cardinal Farley of New York, Cardinal Egan of New Orleans, and Cardinal Tardini of Rome.

The presence of four American cardinals, to permit of whose attendance Pope Pius had postponed the consistory from Easter until today, continued to make the function almost as famous as that of 1911, at which three of the American cardinals were created. Cardinal Gibbons, especially, as a member of the Sacred College, ranks next to the cardinal dean for seniority, was the recipient of hearty congratulations at having again been able to make the pilgrimage to Rome.

In pursuance with the country-old traditions of the Vatican, the consistory this morning was secret, being participated in only by the Pope and the members of the Sacred College. The formal opening each cardinal in turn beginning with the dean, Cardinal Serafini Vannutelli, was called to the foot of the Papal throne. There Pope Pius whispered to each the names of the thirteen prelates whom he had decided to raise to the purple. To these nominations each cardinal in turn gave his whispered approval.

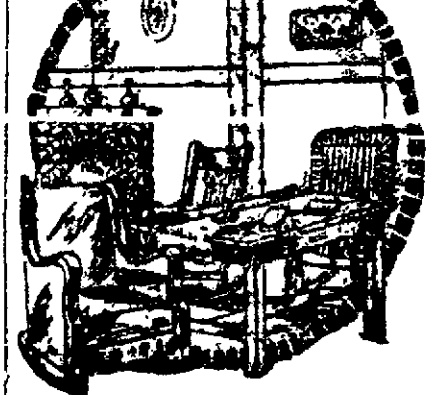

Although the consistory this morning failed to attract the attention of that of November, 1911, in which eighteen cardinals were created, an importance, nevertheless, attached to it that may have the most vital effects on the future conduct of the Catholic church. This importance lies in the number of foreign cardinals contained in the list as compared with the Italian ones. Until the consistory of 1911 the Pope had for centuries past never failed to maintain in the Sacred College a majority of Italians sufficiently large to insure always the election of an Italian Pope. A radical departure from this was made by Pope Pius in 1911, when the majority was reduced to anything but a

Peace Library, New York Project

NEW YORK, May 25.—The establishment of a peace library in New York, which an appropriation already has been set aside, is the latest project of the Church Peace Union, according to an announcement made today. The Church Peace Union, according to an announcement made today, the Church Peace Union was founded by Andrew Carnegie with a fund of \$2,000,000 last February. The Rev. Dr. Frederick Lynch, secretary of the union, has been given authority to collect works on phases of international relationships for the library.

SUNDAY CONCERT IS POSTPONED FOR WEEK

Mrs. Florence Drake LeRoy will sing Ardi's "Il Bacio" with the Oakland Park Band next Sunday afternoon in Lakeside park. Mrs. LeRoy was to have sung yesterday afternoon, but owing to the uncertainty of the weather, the program was postponed.

'Hunger Strike' Ended; Will Face 'the Chair'

NEW YORK, May 25.—Peter Rebac, who is condemned to die in the electric chair at Sing Sing prison on June 22 for the murder of Toni Marro, has decided to cheat the law by starting to eat. His hunger strike began a week ago ended yesterday, when other inmates of the death house advised him to eat and not be so downcast.

MAGISTRATE RETURNS FROM K. P. CONVENTION

Police Judge George Samuels returned from Sacramento today, where he has been attending the convention of the Knights of Pythias. Judge Samuels resumed his duties in the police court this morning. He had been absent one week.

ROYAL EDWARD HITS PERIL

IN FOG IN FOG

Wireless From Captain Describes Extreme Danger From Floe.

LONDON, May 25.—The Royal Edward, of the Canadian Northern Steamship Company, collided with an iceberg 110 miles east of Cape Race while on her voyage from Montreal to the port of Monmouth. The captain, in a wireless message to the ship-owners, today, described the collision as a very big one and said that the steamer struck it end on while going "dead low" in a dense fog.

The Royal Edward's stem was twisted by the blow and she was making a little water in the forepeak. The captain said the damage was not serious, but it would be necessary to dock on her arrival in England. A later message says the Royal Edward is making no water, but has been brought to a stop in the fog. Neither message is dated.

"GRAZES" ICEBERG.
MONTREAL, May 25.—A wireless dispatch was received here today from the Royal Edward. Captain Wotton explained that his ship had "grazed" an iceberg. According to the steamship officials, the vessel was undamaged and proceeded on its way. No further advice has been received. It was stated today. The Royal Edward left Quebec Tuesday last and was held up for several days in the St. Lawrence river by smoke from forest fires. The ship has 855 passengers on board, 57 first, 221 second and 587 third.

Sayre Seeks Coin To Hire Professors

LOS ANGELES, May 25.—Francis Rowes Sayre, son-in-law of President Wilson, was in this city today in the interests of a campaign to procure an endowment of \$2,500,000, the purpose of which is to raise the salaries of college professors. Mr. Sayre is connected with Williams College, and he said it was the aim of that institution to meet in brain teachers rather than handsome buildings. A luncheon at the University Club was arranged for today at which Sayre was expected to explain his plans to alumni of Williams.

'El Mocho' Missing; Revolution Is Feared

PORT OF SPAIN, Trinidad, May 25.—General Jose Manuel Hernandez, the Venezuelan revolutionary leader, who is known as "El Mocho," disappeared today and is understood to have gone to Venezuela, although his exact destination is unknown.

BIG THROG GREETED KIDNAPED REFORMER

DANVILLE, Ill., May 25.—A great throng greeted Rev. Louis H. Patmont, the "dry" worker kidnaped at Westville March 31, as he alighted from a train here at midnight, accompanied by several friends who went to Columbia, Ill., Saturday night upon learning he had been found. Dozens of automobiles escorted him to the home of Rev. J. F. Bickle, where he will be a guest until the investigation to be commenced at once by the grand jury, in which he was one of the speakers at Westville, Ill.

Feds Plan Biggest Raid Yet Upon Ranks of Organized Baseball

ANS LOOK FORWARD TO BUSY WEEK OF BOXING

Ritchie Wires That He Has Ac-
cepted \$40,000 Offer for
Meeting Welsh.

(By THE TIMEKEEPER.)

Azevedo and Bayley entertained large
crowds of admirers and boxing fans at
their respective headquarters yesterday.
The betting odds now favor Azevedo at
10 to 7.

Bayley is probably the best lightweight
Canada has ever produced, and stands
high with the fans around the bay. Those
who saw him against Willie Hoppe say
that the Butcher Town Terror received
an awful punishment, and Bayley should
have a draw against Hoppe in a four
round bout is deserving of great con-
sideration.

Azevedo is being groomed by Harry
Foley and Jimmy Roban for the cham-
pionship. Foley has handled a cham-
pion, and when he believes that Azevedo
has the making of one, it is pretty sure
to be straight dope. Any one who has
watched Azevedo training for this battle
against Bayley will notice the improve-
ment in the work of the young Portu-
guese.

Besides the main event on Wednesday
night, Jimmie Roban is presenting a
ten round special event between Al-
vies and Willie Fitzsimmons. Willie
has gained a high regard among the
fans during the short time he has been
in the city, and all the fans are ac-
quainted with the boy who will face him.

Manual Vieira is a local product, and
is claiming the featherweight cham-
pionship of the coast. He is probably the
most willing boy of his weight on the
coast, and the heaviest hitter. Recent
battles in the east placed him in line as
a championship contender. If Vieira
beats Fitzsimmons a match with Jimmy
Foley will be arranged.

Word has come from Champion Willie
Ritchie that he has accepted an offer
from the London promoters which will
net him \$40,000 real cash for boxing
Freddie Welsh, the English champion,
which all goes to prove that Willie pos-
sesses the best of both worlds. He has
never resided under the lightweight crown.
The champion wires that he is already
a favorite for his bout tomorrow
night, and that he is feeling fine. At
the beginning of his training Willie was
not feeling right, but the hard training
has done for him, and he is now
brought him galloping into the weight
limit feeling confident of a victory.

Leach Cross and Red Watson per-
formed before large crowds yesterday
when they went through their workouts
in preparation for their coming 20 round
contest. Alvin was jammed to
see the New Yorker perform, and he gave
a good exhibition, boxing three rounds
apiece with Johnny O'Leary, Sammy
Good and Pat Watson.

Watson, who is located at Billy Shan-
non's establishment in San Rafael, work-
ed full ten rounds, for the first time.
Rally and three each with Billy Woods
and Frank Fields.

Charley White wound up his training
at Chicago yesterday, for his coming
crack at the lightweight crown, with a
stiff workout and boxing ten rounds.
White, Schaefer, and Abe Attell. In yester-
day's training, White removed the
bandage from his hand, which was hurt
in his recent bout with Azevedo. Charley
claims the hand is as good as ever,
now.

In spite of the great popularity of
White in the middleweight, the betting
odds are 2 to 1 in favor of the cham-
pion, with very little White money in
evidence.

Dan Curran, matchmaker of the Rich-
mond Athletic club, announces that he
has matched Johnny O'Leary and Ralph
Grunan, the Portland boy, for a four
round contest next month. Harry
Foley is to referee and the weight will
be 133 pounds at 6 o'clock.

WALTER JOHNSON WILL AUCTION HIMSELF OFF THIS WINTER

World's Greatest Pitcher Pre-
paring to Accept Highest
Bid.

(By THE TIMEKEEPER.)

WASHINGTON, May 25.—"I will pitch
for the team that offers me the most
money," Walter Johnson, premier pitcher
of the Washington Americans, said last
night, after a conference with Joe Finker,
manager of the Nationals.

Johnson was asked if he meant that he
would pitch in the Federal league pro-
vided a contract to his liking was of-
fered.

"It means anywhere on earth," he re-
plied.

When Clark Griffith, manager of the
Nationals, was informed of Johnson's
statement, he said:

"I am not worried. When the time
comes, I will be glad to see him go."

Johnson is being courted by several
teams, and it is expected that he will
be sold to the highest bidder.

RUBY AGAIN SHOWS SMART HEELS

Stevens' crack Ruby won another yacht
race yesterday, capturing the ten-mile
triangular event arranged by the San
Francisco Yacht Club.

The "Little Ruby" won the other
first in the big class ahead of such boats
as the Mah-pet, Monsoon, Challenger and
Vanguard.

A minute (corrected time)
separated the first two. The wind was
light and fuky.

The "Little Ruby" won in the twenty-
five class, while honors in the arbitrary
handicap class went to the W. Heather,
owned by C. P. Carruthers.

The Merry Widow sailing from scratch
won the second annual Sausalito Yacht
Club race for the aquatic trophy, winning
by seven minutes. The Anita was sec-
ond, Comet third, and Hully Gee fourth.

CARDINAL TRACKERS OFF FOR EAST

STANFORD UNIVERSITY, May 25.—
A track team of nine Stanford athletes,
accompanied by Trainer W. H. Maloney,
left here to compete with the bigger
universities of the middle west.

The first field day will be the Mississip-
pi conference at St. Louis, May 30.
The team will go next to Chicago, to
take part in the western conference.

The first step will be at Denver, Tues-
day. The team will be accompanied by
Trainer W. H. Maloney.

Well, Devlin fulfilled his promise—inserted himself in the line-
up at third and the Oaks went down to defeat, 5-2. Also, Devlin
switched the batting order and gave his men word to take chances

on the bases. Devlin's move-
ment was a bit more than
usual, though not nearly enough.

The net result was that had
the Oaks been enjoying an even break in the pitching they would
today have a game on the right side of the ledger, for they led
right up to the ninth inning and were playing better baseball than
their opponents.

ALAMEDA

MEMORIAL SERVICE HELD IN ALAMEDA

G. A. R. and Spanish War Veterans Attend Ceremony at M. E. Church.

ALAMEDA, May 25. — Memorial day exercises were held yesterday at bolinas services at the First Methodist church. In the morning members of the G. A. R. and United Spanish War Veterans were in attendance and a special program was rendered. The pastor, Rev. Frank Kline

[illegible]

fer want in his declining days. We must all join in cheering their pathway in every possible manner. Long would we have them with us, loved, respected and honored for what they have done, but we are impressed with the thinning of their ranks from year to year.

It seems but a few years ago when the perpetuity of our national peace and

we are impressed with the thinging of their ranks from year to year.

It seems but a few years ago when the security of our nation, peace and unity was clouded over by discordant elements among our citizens. The storm clouds thickened, the deaf thunder rolled.

The Nation's Faith, and the very foundations of our Republic trembled. We stood in great fear and prayed to God for deliverance. Every hearthstone was made an altar of prayer and God in His heavens was with us, and love over our country. While the slavery question was

settled right, may we each realize that other great questions press for a right settlement.

ETERNAL VIGILANCE.

"Eternal vigilance is the price of liberty," today as ever before. And the good that has ever come to this nation has come through the moral currents in our national life. Let Christian citizenship be exalted. The moral and religious element was incorporated into the organic life of our nation. A nation built upon moral corruption is doomed. God will surely sweep the remnants of the apostasy from the land.

Our hope is in the battle cry of Cromwell's Ironsides, "God is with us." "Today these men think of their fallen comrades with dimmed eyes. Soon 'taps' will sound, and orders will come from the Great Commander to 'march' and return no more, and these honored fathers will sleep in their low green tents with the birds singing a requiem above them. May each of you hear from the lips of the Supreme Commander, when your earthly marches have ended and the roll comes to the great reunion, order in God's eternal camping ground, the longest, sweetest rest."

the best. His "well done, good and faithful servant."

**OPENING DAY EVENTS
HELD BY BOAT CLUB**

ALABAMA, May 10 — Opening day was observed yesterday at the Alamed Boating club, with a program of aquatic events, followed by dancing and the serving of refreshments. There was a large crowd on hand to enjoy the program despite the inclement weather that prevailed in the morning. Rowing and swimming races were held, the athletic training elements and grand-

The duck race was one of the most enjoyable of the events. G. Sundman succeeded in capturing the honors. The results of the events were as follows: The following races being over a mile and one-half in course: Junior skiff—J. Roche, first; C. Kiser, second. Time, 10:15:33. Novice race—D. Patrick, first; Joseph Klein, second. Time, 11:15:03. Doubles rowing race—E. Johnson and G. Hanson, first; H. Neilson and C. Kiser, second. Barge race—Neilson, Kiser, Roche and Patrick, first. Time, 11:15:03.

and Klein, second.
50 yard swimming race, breast stroke—G. Sundman, champion of the Pacific coast, first; G. Johansen of the Olympic club, second.
Duck chase—G. Sundman.
100 yard exhibition swimming race—H. Emmal, first; G. Sundman, second; J. Johansen, third; C. Singer, fourth.

25. UNIVERSITY OF CALIFORNIA.—Mr. Professional and amateur canners will both find much to interest and instruct there at the coming "Grove Canners' convention" which will be held at the University Farm, Davis, during the first week in June. Various technical phases and problems in the industry will be discussed by experts, while housewives and beginners will find that they will be able to obtain instruction both in the theory and practice of preserving fruit and fruit juices.

There will be demonstrations with the home canning outfit, as well as lectures

Full information in regard to the convention may be obtained by addressing the University Farm, Davis.

THREATENS WIFE

LOADED IN JAN

Waved Big Pocket Knife and Menaced Woman, Is

Accusation.

SAN LEANDRO, May 25.—Returning home yesterday afternoon after celebrating with friends, John Tavaras of Wil-

and flourished it over his wife threaten-
ing to stab her. This information was
given Marshal Joseph Peralta by Mrs.
Tavaras who summoned help when her
husband threatened violence. The mar-
shal put Tavaras in the lockup and will
have him booked on a charge of assault.
According to Mrs. Tavaras her husband
was the worse for liquor when he came
home and taking out a pocket knife
threatened to use it on her. She was
about to wrest the knife from him.

Weber Pianola

Price \$1025

The WEBER PIANOLA is one of the six models of the famous PIANOLA—the world's greatest musical instrument. It has the wonderful tone, the remarkable responsiveness—the Pianoforte perfection, that has won for the WEBER Piano its distinctive position as one of the world's two pianos of international fame. And since it is a PIANOLA with all the exclusive PIANOLA features, its wonderful capacity for musical expression is available alike to the deft-fingered, skilled musician and the music-lover, whose untrained fingers have hitherto prohibited him the supreme enjoyment of making music.

The WEBER PIANOLA may be purchased on convenient monthly payments. It is for sale in this city only by Sherman, Clay & Company.

Kearny and Sutter Streets, San Francisco

ZONE ORDINANCE
IS INTRODUCEDCouncil Receives New Law,
Drafted Under Direction
of Mayor.

An ordinance creating a residential district in which the establishment of mills, factories and certain industries will be forbidden, was introduced this morning by Mayor Frank K. Mott at council meeting.

The council also appropriated \$200 for the cost of the ordinance, and for the annual observation of Decoration Day.

The Pacific Telephone and Telegraph company in a communication to the city council placed at the disposal of the city a pulmotor, a mechanical device for restoring respiration in the case of persons suffering from electric shock or suffocation. The communication reads:

ever needed, at any hour of the day or night.

A request that the city commissioners form the establishment of branch factories or lumber yards within 1000 yards of Mosswood park and a similar distance from the new Municipal and Commercial high school at Broadway and Forty-fifth street, was filed with the council today by 48 residents of Central Oakland. No action was taken.

The action of the petitioners is an attempt to have a lumber mill established at Fortieth and Opal streets removed.

Changes of ownership of saloons were granted by the city commissioners:

Change of ownership of saloons at 455 East Fourteenth street, between Forty-fifth and Forty-sixth avenues, succeeded to himself at 4501 East Fourteenth street, Saloon.

Change of ownership of saloons at 2711 San Pablo avenue, succeeded to J. P. Mulqueeny, same address, Saloon.

Change of ownership of saloons at 1505 Broadway, succeeded to E. A. Adams, same address, Saloon.

The introduction of the ordinance at this time is at the request of the City League. The proposed measure was elaborated and discussed by the commissioners last April.

ASK CONDEMNATION.

A petition asking that the leasehold held by E. C. Peterson of the city lands located adjacent to the foot of Twelfth avenue be condemned, that a boat landing established there 28 years ago by the late Captain John Peterson may be allowed to remain, was filed with the commissioners.

The petition, signed by 444 residents and taxpayers of that district, was referred to Mayor Mott.

The boat landing is now operated by the widow of Captain Peterson, who is in danger of being dispossessed if some action is not taken, says the petition.

PERMIT IS DENIED.

An application for the establishment of a saloon at 1418 Broadway, owned by Burt Mulvane, was denied by the commissioners.

The action of Chief of Police Peterson in deciding to send Inspector St. Clair Haddock to Natal, South Africa, to bring back "Sir" Harry Westwood Cooper, to face trial for charges of fraud and forgery, was approved by the council. The cost of the trip, said the chief, will be borne by the State.

RICHARDSON TO
BE OWN FOREMANLate Printer Takes General
Charge of Various
Departments.

SACRAMENTO, May 25.—State Printer Friend W. Richardson has reorganized the force at the state printing plant by eliminating the position of general foreman and assuming the duties himself. Hereafter, each of the department foremen will report direct to the state printer. Efficiency in the printing plant.

The position of assistant has been created and Will H. May has been given the position of time-keeper. The salary of the general foreman was \$350 a month, and as March's salary has been increased from \$160 to \$260, the net saving to the state is \$210 per month by this arrangement.

March is well-known newspaper man, formerly editor of the Roseville Tribune, and a member of the California Press association. He is a master printer and well qualified for the place.

In an interview today Richardson said that there will be no slack-up in the standard of efficiency at the state printing plant. There was some conflict between former General Foreman Smith and some members of the force, but that is now ended and everything is moving along harmoniously. Mr. Smith resigned voluntarily and insisted on his resignation being accepted.

"The force at the state printing plant is one of the best in the country, and I am particularly proud of the many skilled men and women whom I have selected to work there. The three department foremen are as good men as can be found in any plant. The cost records show that during this month the cost of production has slightly decreased. With harmonious co-operation, and efficient department foremen, the prices will continue to go down."

Y. M. I. AND Y. L. I. ATTEND
GREAT CONVOCATION

Several members of the Young Men's and Young Ladies' Institutes of this city attended the convocation of the institutes of the Vallejo district, held yesterday in Crockett, where 50 candidates were initiated into the councils.

The initiatory exercises were held under the direction of District Deputy Grand President Oscar W. Hilton of Vallejo, Grand Secretary George Stanley and Grand First Vice-President Benjamin L. McKinley of San Francisco. The services were held in the I. O. O. F. hall.

Following the ceremony a luncheon was served by the women of Crockett, during which speeches were made by the various officers.

CONTEMPT FINE, DUE TO
CANAL WORK, UPHELD

WASHINGTON, May 25.—The Supreme Court affirmed the contempt fine imposed by the Superior Court of Thurston county, Washington, on P. A. Carlton for building a canal from Lake Washington to Puget Sound, after the court had enjoined a contractor for whom Carlton worked, from completing the waterway, but it threw the case of Lake Washington.

LIBEL CONVICTION
AFFIRMED BY COURT

WASHINGTON, May 25.—The Supreme Court today affirmed the conviction of Martin Ocampo, owner, and Kalow, editor, of El Remedio, a Spanish newspaper in Manila, on charges of criminally libeling Dean J. Worcester, former secretary of the Interior in the Taft administration.

BIG PARADE WILL
MARK TAG DAYDriving Clubs and Horse Fan-
ciers to Participate in
Big Event.

The committee which is arranging for the observance in San Francisco of the National Horse Tag Day, to be celebrated in all of the larger cities of the country on Monday, June 1, has invited the surrounding counties to participate in the big parade which will be held in Golden Gate Park on Sunday, May 31, day prior to tag day. Members of both the California Driving Club and the San Francisco Driving Club have given the project their endorsement and Dr. I. E. Dalziel has been chosen grand marshal.

More than 1000 drivers and horses will participate and the committee is endeavoring to interest the owners of town horses. No entrance or other fee is charged, it being necessary for those who wish to take part in the parade merely to assemble with their horses at either of the two starting points at the time given. No heavy business rigs will participate, but rockaways, traps, tallyhoes, business buggies and saddle horses are desired.

The object of tag day is to raise funds for the purchase of a modern ambulance for the removal of disabled horses for the San Francisco Society for the Prevention of Cruelty to Animals. The tag is to be worn on the harness of the horses on the streets on that day and the buttons are to be worn by admirers of the horse.

FANUCCHI FACES
MURDER CHARGEArraigned in Police Court; Says
Wife Refused Him
His Child.

Oreste Fanucci was charged with murder by Inspector Sam Wood this morning and was arraigned in Police Judge George Samuels' court. Fanucci shot and killed Mrs. Marie Fanucci at the home of 1418 Broadway, Saturday night, because she refused to allow him to see his child.

Fanucci and Inspector Sam Wood and Richard McKinley were at the home when he drew his weapon at the Panama-Pacific Exposition grounds at San Francisco, where he shot a storekeeper and then took a ferryboat for Oakland. The murder followed.

When asked about his wife's death, Fanucci said: "I don't sorry I killed her—she wouldn't allow me to see my baby, and I shot her."

Shown the body at the morgue Fanucci showed no sign of emotion.

Fanucci was captured at the home of his mother, 467 Vallejo street by a San Francisco detective and turned over to the local authorities. According to relatives of the dead woman, Fanucci frequently beat her.

GRIMSINGER DENIED
RELEASE BY JUDGE

SAN FRANCISCO, May 25.—Adolph Grimsinger, who, although convicted in Shanghai of an assault, was sent to the United States, and is serving a three-year term at San Quentin for a robbery for assault, was denied release by Federal Judge Dooling today. His attorneys, Alfred P. Black, and Benjamin McKinley, sought to have him released on the ground that he was being illegally detained. A demurrer to the complaint was entered by Assistant United States District Attorney Hettman, and this was today sustained. Grimsinger was arraigned on a charge of assault for attacking a Honolulu policeman. He was tried under the code of Alaska, but a juror was prejudiced at this was set aside. It is the first time a federal court has sustained a demurrer to a complaint. His counsel have announced that they will appeal to the United States Supreme Court.

STORES WILL CLOSE TO
OBSERVE HOLIDAY

The leading merchants of this city will close their establishments next Saturday, Memorial Day. Through the efforts of the Retail Grocers' and Merchants' Association, the managers of the stores have issued an announcement to the effect that they will give their employees an opportunity to observe the holiday.

With the exception of a few grocery stores here, all the business houses it is announced will be closed on Saturday. The president of the Retail Grocers' and Merchants' Association, presided at the meeting, where the resolution regarding the closing of the stores on Memorial Day was presented and adopted.

Purifies blood
With Telling EffectGives Conscious Evidence of
Its Direct Action.

S. S. S., the famous blood purifier, almost talks as it sweeps its way through the circulation. Its action is so direct that it has been called the "blood doctor" in any case of rheumatism, rash, pimples, and all skin affections.

And in regenerating the tissues S. S. S. has a rapid and positive antidotal effect upon all three irritating influences that cause rheumatism, rash, weak eyes, loss of weight, thin, pale cheeks, and that really experienced as spring fever. Get a bottle of S. S. S. at any drug store, and in two days you will not only feel bright and energetic, but you will be the picture of new life. S. S. S. is prepared only in the laboratory of The Swift Specific Co., 534 Liberty Road, Atlanta, Ga., who maintain a very efficient medical department, where all cases of blood disorder of a stubborn nature may write freely for advice and a special book of instruction. S. S. S. is sold by all druggists, and is the only blood purifier that is not a secret.

As a matter of fact, there is one ingredient in S. S. S. which serves the active purpose of stimulating each cellular part of the body to the healthy and judicious selection of its own essential nutriment. That is why it regenerates the blood supply; why it has such a tremendous influence in overcoming rheumatism, rash, pimples, and all skin affections.

OAKLAND MOOSE WILL
VISIT LODGE TONIGHT

Oakland Moose lodgemen will journey in a body tonight to Fruitvale, where they will visit the local lodge.

At the ceremonies the Oakland Moose will formally receive the four cups won at the recent Moose carnival for the best band, best drum corps, best drill team and best appearance in line.

The cups will grace the clubrooms at Fruitvale and Clay streets, together with the other trophies won in the past few months.

High officers of all lodges about the bay will be in attendance tonight.

Long Distance
Telephone Service

"Two-Number" "Particular Person"

THE closely allied business and social interests of the Bay Cities, including Sacramento, Stockton and San Jose, have made possible a rapid toll service, known as

Two Number Service

To make a "two-number" call, ask your operator for the desired number, preceded by the name of the city; for example, Sacramento, Main 123. Remain at the telephone with the receiver at the ear until the number called for answers, or the operator reports in the same manner as on a call for a local number. The service is called "two-number" because calls are made by number instead of by name. A charge is made when the number is obtained.

"Particular Person" Service

To make a "particular person" call, ask for "Long Distance" and give the details of your call in the usual manner. The charge commences when the conversation begins. The rates for both services to the following points are here-with quoted:

From Oakland to—

Hayward—
"Two-Number" Service 10c for 3 min.— 5c each additional min.
(No "particular person" service.)

Mill Valley—
"Two-Number" Service 15c for 3 min.— 5c each additional min.
"Particular Person" Service 20c for 2 min.—10c each additional min.

Palo Alto—
"Two-Number" Service 15c for 3 min.— 5c each additional min.
"Particular Person" Service 20c for 2 min.—10c each additional min.

Redwood City—
"Two-Number" Service 15c for 3 min.— 5c each additional min.
"Particular Person" Service 20c for 2 min.—10c each additional min.

Richmond—
"Two-Number" Service 10c for 3 min.— 5c each additional min.
(No "particular person" service.)

Sacramento—
"Two-Number" Service 35c for 3 min.—15c each additional min.
"Particular Person" Service 40c for 2 min.—20c each additional min.

San Jose—
"Two-Number" Service 20c for 3 min.—10c each additional min.
"Particular Person" Service 25c for 2 min.—10c each additional min.

San Mateo—
"Two-Number" Service 15c for 3 min.— 5c each additional min.
"Particular Person" Service 20c for 2 min.—10c each additional min.

San Rafael—
"Two-Number" Service 15c for 3 min.— 5c each additional min.
"Particular Person" Service 20c for 2 min.—10c each additional min.

Sausalito—
"Two-Number" Service 10c for 3 min.— 5c each additional min.
"Particular Person" Service 15c for 2 min.— 5c each additional min.

South San Francisco—
"Two-Number" Service 10c for 3 min.— 5c each additional min.
"Particular Person" Service 15c for 2 min.— 5c each additional min.

Stockton—
"Two-Number" Service 25c for 3 min.—10c each additional min.
"Particular Person" Service 30c for 2 min.—15c each additional min.

Other Rates in Proportion

Long-Distance telephone service saves the expense and inconvenience of travel—conserves time and energy—unites producer and market—broadens companionship—enables one to send the right word to the right place at the right moment.

THE PACIFIC TELEPHONE
AND TELEGRAPH COMPANYDOWNTOWN ASSOCIATION
HAS ENDORSED PLAN

The Downtown Association has joined the "City Beautiful" movement and has advised Mayor Mott, who inaugurated it, that Louis Aber has been appointed the association's representative on the City Beautification Committee.

Montell Taylor, president of the Downtown Association, has advised the Mayor that the organization will work with that committee to the end that Oakland may be so attractive that many of the thousands of visitors to the Panama-Pacific international exposition will come to Oakland permanently in Oakland.

"Best assured the members of the Downtown Association," said Taylor, "are highly in accord with the movement and will do all in their power to aid the City Beautification Committee."

FARCE ATTRACTION AT
ST. JARLATH BENEFIT

Under the auspices of the young women of the church, an entertainment will be given tomorrow evening in St. Jarlath's hall, Fruitvale, when the women of the parish will present a program, which will include a one act farce burlesque by St. Mary's College players. It is called "The Great Skirmish." The thespians, who will compose the cast are Gerald Frusker, Violet Fine, Fleming, Louis Le Fevre, J. E. McNamara and Fred West. The production will be staged under the supervision of the officers, Gerald Frusker and Louis Le Fevre.

NEW BOOKLET TELLS
OF FAR EAST BEAUTY

An interesting travel booklet of 120 pages, entitled "Over the Seven Seas," has just been issued by Thomas Cook & Son. It gives a vivid world-vision, tells the story of the present-day tour of the world, and is brilliantly illustrated from photographs newly taken in the far east. The book has a striking cover design in colors by a leader of the German poster school, depicting the spirit of the great red Vishnu brooding over an Indian Temple.

Free from Thomas Cook & Son, 681 Market Street, San Francisco.

INDIGESTION AND CONSTIPATION.
"About five years ago I began taking Chamberlain's Tablets after suffering from indigestion and constipation for years without finding anything to relieve me. Chamberlain's Tablets helped me at once and I was cured of the complaint. I was cured of the complaint." writes Mrs. Mary B. McMullen, Phelps, N. Y. For sale by Osgood Bros.
